YOUTUBE Pokemon Sun and Moon GBA ROM with ALOLA region - Read more! New completed Pokemon GBA ROM HACK 2020 In Pokemon Sword and Shield :tm: ? Join the community. Get Aino's Pokemon Sword and Shield :tm: ? Join the community. Get App Capture and Train Generation 7 Pokemon with this cool Pokemon ROM hack called. Become the next Pokemon champion in Pokemon Moon Emerald! Pokemon Moon Emerald is a ROM hack that aims to showcase the original Pokemon Emerald game, but with the new Pokemon from Generation 7 and Alola Pokemon captures. Rom hack retains the original story, but has many new features including Generation 7 statuses, scams, etc., Alola Shapes, Lunala, Solgaleo and Magearna legendary Pokemon, fairy-like Pokemon, some mega evolution, new 5th gene beats, and more. Inspired by the original Pokemon Emerald game, rom hacker created a remake called Pokemon Moon Emerald (Pokemon Emerald Hack). The story of the game remains the same with the original version, participating in the game, you will become a young coach on the way to become the new champion in the region. On your way you can also collect a lot of regional Pokemon, train them to meet the upcoming challenges. This version focuses on changing old features and adding new features to make the game more interesting. FEATURES- Initials Litten, Rowlet, Popplio (All captures, see document). - All Pokemon 7th Gen (Status, Fraud, Official, etc.). All forms of Alola. - Contains Pokemon of the 1-7th generation (in a mixed sense, not all!). - Amaura and Tirunt are replaced by the root and claw fossils respectively, which must be revived. - Legendary Koege, Grudon, Raikuaza are replaced by Lunala, Tholalo and Magearnaya. Fabulous type. - New touches to the 5th gene. - A few new blows from the 7th general - physical and special blows. The value of evolutionary stones in Mauville and Lilikow. - Mega Evolution: Evolve with mega stone, buy-in Lilycove. - Pokemon that develops by sharing develops with the point Cable Link (Lilycove). - All evolutions of Eevee (see notes). - Pokemon Gym Leaders and E4 changed: E4 has Megas, have been a bit difficult, with the 5th gym, all GLs have 6 Pokemon. Ash-Grenignya is The Mega Evolution of Greigny. Day and night system. - Some Pokemon learn TMs or the egg moves through the level. - A happy egg can be found with wild pelippers, as in Oras. And more. Title: Pokemon Moon GBA Version Type: GBA Hack out: FireRed Language: English Creator: Ishrak Rahman Pokemon ROM hack featuring the Alola region.
