| 9 | I helped with a youth soccer team in the fall that played games at Millennium. 2 weeks out of 8 were cancelled due to wet fields. I felt the 1 that was cancelled definitely should not have been. And 2 times we did play they probably could have been cancelled. I'm not sure if the fields were not properly designed for drainage or what but it was a shame that we lost a quarter of the games and instruction and we could not extend the season because the commissioner said fields were closed after November 1st, which I'm not sure if it was true or not. | 11/14/2018 1:02 AM |

| 60 | Birch Tree park needs updates | 10/12/2018 10:05 PM |
| 61 | Softball fields are not up to standards of surrounding communities. Simmons and Miners fields are virtually unplayable until May every year and this year have been almost unusable the entire season because of the bad weather we are having. Surrounding communities have better fields and can play more games. | 10/12/2018 8:31 PM |
| 62 | Miners Park is in bad shape. Most of the parks are other than Simmons and Village Green which have been renovated. | 10/12/2018 7:58 PM |
| 63 | Dog park has been closed for many months without explanation as to why or even when it is to reopen | 10/11/2018 12:03 AM |
| 64 | What municipal recreation facilities? If this question is in regards to the community center, I would not consider that a recreation facility. They offer some classes, and rooms to hold events, but it pales in comparison to neighboring communities. It would be great if we had a multi-purpose center. One that included activities and classes for all ages, including indoor and outdoor pools (similar to the USC rec center, where I see multiple BP families), possibly trampolines similar to Flight in Bridgeville (classes are also offered for adults), perhaps a rock climbing wall, etc. various offerings to attract youth on evenings and weekends, offerings for adults/seniors/young children during the day. Various classes (fitness or otherwise) offered, and even STEAM type activities. I know there's a concern from some residents about an outdoor pool being a financial loss to the community, but indoor options could help to subsidize that, including kids birthday parties year round b/c of an indoor pool (USC surely is profiting here as well, we've attended multiple parties there). It would be nice to keep money HERE, as opposed to us all giving our money to neighboring communities. We should be drawing business here with a new multi-purchase facility as suggested. If we offered something other communities don't have, money into the community would increase substantially. This type of center would be beneficial to all ages as well, and would encourage a sense of "community" and engagement | 10/10/2018 11:12 PM |

| 70 | Simmons park improvements should be done after our catch basins | 10/9/2018 3:47 PM |
| 71 | Bethel Park facilities are negligent compared to field facilities in Brookline, Baldwin, upper St Clair and South Faytert. Bethel Park needs more items like what I'd being done at Simmons. | 10/3/2018 8:11 AM |
| 72 | The community center playground is super boring and beat up. I do think the community center is trying harder to attract families but still needs more family friendly spaces. | 10/3/2018 5:55 AM |
| 73 | The baseball fields are kept in terrible condition. | 10/2/2018 8:45 PM |
| 74 | We need bathrooms!!!! Every field needs one!!! | 10/2/2018 8:41 PM |
| 75 | BP athletics and youth rec. programs are top ranked amongst local areas, but our fields, amenities, and equipment is embarrassing. Miners fields badly need upgraded and lighting. Simmons fields do not drain. Park avenue is hardly ever used anymore. The Comminuty Center pushes young athletes away with strict policies and being closed during school breaks. | 10/2/2018 7:56 PM |
| 76 | No plumbing or running water at UPMC baseball facility | 10/2/2018 7:14 PM |

| 81 | They should let the leagues maintain the fields. It's too big a job for the municipality and they can't do it. | 10/2/2018 3:06 PM |
| 82 | There are many times where these parks and fields are illy maintained. It's embarrassing. This community - needs to be better maintained. The downtown area near bethel bakery is deplorable. It's embarrassing to have this boro so poorly maintained | 10/2/2018 2:26 PM |
| 83 | Bethel needs an indoor and outdoor pool | 10/2/2018 2:00 PM |
| 84 | Miners park needs a makeover . Hard to access lower portion from the top . It is too muddy most of the time. It needs a path thru the grassy areas | 10/2/2018 1:29 PM |
| 85 | Sidewalks! We need sidewalks! Businesses would do better, children can easily to and from the bus safer, health would get better. The cons do not outweigh the pros. | 10/2/2018 12:54 PM |
| 86 | Park Avenue baseball field is horrible. While not municipal owned fields, the fields at the elementary schools are used on a regular basis for Bethel Park Baseball. Those fields are absolutely horrible and need better maintained or there needs to be more municipal fields in better quality for these programs to use. | 10/2/2018 11:14 AM |
| 87 | Mollyhill Park is a mess—hasn't been mowed regularly & needs a portajohn | 10/2/2018 8:13 AM |
| 88 | Fields are HORRIBLE | 10/2/2018 7:57 AM |
| 89 | The rules for access to and use of the community center discourage families from using the facility. While the facility is in good condition and many organized activities aren't offered, most of the community cannot go spend time at the community center, because they are not allowed to use the majority of the facility. | 10/2/2018 7:19 AM |
| 90 | Some parks need updated playground equipment. The one at Oak tree is wooden and splintering. The slide is an old metal one and gets hot. | 10/2/2018 6:16 AM |
| 91 | The trail is a huge asset & improvents & connections are vital. | 10/2/2018 6:10 AM |

Q5 Council has determined that public subsidy for a swimming pool is infeasible at this time, given capital costs that could range from \$10M to \$30M in addition to annual staffing and maintenance costs. Aquatic facilities of various types are available in and near the community, and the municipality is planning to add a splash pad near the community center. Nonetheless, a public swimming pool has ranked highly among desired features for Bethel Park in input for the plan so far, and it is important to determine why. Which of the following sentiments describe how you feel about aquatic facilities in Bethel Park?

| 37 | I am now aware of the price to utilize the pool; however, regardless of what the cost is I am not in favor of adding a pool if it means that my taxes will be increased. | 10/16/2018 10:54 AM |
| 38 | We need an OUTDOOR pool. A splash pad is great for little ones, but older kids need something for them as well. | 10/15/2018 10:17 PM |
| 39 | Even though other communities around us have public pools there prices for non residents are ridiculous. USC did there rec center the right way. Indoor and outdoor pool will always have revenue coming in. I would rather pay higher taxes to have our own community pool. Splash pad is good for kids under 10 or 12 but not for teenagers, adults and the elderly. I really wish you all would take a better look at this. There are all kinds of wooded area by the rec center above the football field. | 10/15/2018 4:55 PM |
| 40 | Would like a more upscale recreation center similar to Upper Saint Clair | 10/15/2018 1:32 PM |
| 41 | spencer Y needs to publicize their pool | 10/15/2018 12:07 PM |
| 42 | Splash pads are a great addition, but really only for preschool and younger children. Saying that "aquatic facilities of various types are available in and near the community" is like saying we already have a bunch of pharmacies...why add another one. Reason being: the demand is there, people will still use it, and they must be making money somehow. If pools/rec centers are offered in every other community, they must be making money, otherwise why would they offer it? Maybe survey them to see how they were able to raise funds to start one, and how they stay in business. Something like the USC rec center would be nice, many BP residents use that facility. Plus offering something like a pool would give kids something active to do rather than playing on electronics, and something positive to do instead of getting into trouble! | 10/14/2018 7:25 PM |
| 43 | It would be nice to have an indoor/outdoor pool and recreation center like USC. | 10/14/2018 5:23 PM |
| 44 | I don't feel that a community pool is a necessity. There are many other pools in area to use. I think some citizens think that a community pool with be free, but there will still be a charge to BP citizens and it seems like a waste of tax dollars to have an outdoor pool that can only be used 3 months of the year. | 10/12/2018 8:31 PM |
| 45 | I have my own pool and don't see a personal need for a community pool | 10/12/2018 8:07 PM |
| 46 | See comments above. We shouldn't be so willing to finance other communities. If an indoor/outdoor pool/rec center like USC were offered, or a multi-purpose center like mentioned above, that would help to subsidize the cost of the outdoor pool. Think if the year round usage USC gets with their indoor pool for birthday parties, swim classes, and in general, a place for people to enjoy and socialize with other residents and friends. A zero entry pool with slides, lazy river, lap lanes, rock wall, diving board (similar to Mt. Lebo, Scott, Peters), attracts people of all ages. If we offered a nice facility, we'd pull in neighboring residents too. | 10/10/2018 11:12 PM |
| 47 | An indoor water facility for use year round would be great. It would need to accommodate the very young with a walk in area to the aquatic lovers to those in between (think lazy river and 2 slides). And it should be part of a "recreation facility" to maximize efficiency with things like locker rooms and staff. The high school pool is nice but it doesn't have the "fun" stuff. | 10/10/2018 7:23 AM |
| 48 | families wouldn't go to other community pools if we had one here - you would make back the money. | 10/10/2018 6:42 AM |
| 49 | It is undesirable to go the High School indoor pool even though it is beautiful. Everytime I drive by that small pool in Baldwin it seems like such fun memories are made there. I have loved living in BO for over 20 years and have always wished we had a pool. | 10/9/2018 11:46 PM |

| 63 | I don't personally believe a pool is a priority but I see the want for a unified local place. The other options all have their little drawbacks (age, distance, no membership etc) so there is no good community option that suits everyone | 10/2/2018 12:38 PM |
| 64 | Lived in Whitehall all my life and loved having access to an outdoor pool. Wave pool and Mineral Beach are sadly very poor options nearby. | 10/2/2018 6:21 AM |

| 14 | The sidewalk on my property cuts off with no transition to the road. The developer claimed they could not finish it and meet the road because the plans did not show it. Now it is a hazard and causes people to walk through my neighbors yard to get to the road. | 11/13/2018 9:21 PM |

| 27 | As a home owner, I do not want the burden of upkeep, losing part of my property to one, and be liable if I'm unable to clear it appropriately. | 10/18/2018 1:56 PM |
| 28 | I want to live in a walkable community. Currently Bethel Park is not walkable. | 10/18/2018 6:38 AM |
| 29 | Milford drive between rt 88 and Highland is a shortcut for most traffic which has most through traffic ignoring the speed limit and coasting through stop signs. I have never seen speed limit enforcement, just the occasional speed display trailer which is ignored. The lighting is every other telephone pole so there are dark spots. During school months, kids are walking on the half-lit road before sunrise and I intentionally go into work late to make sure my kids don't get hit on the walk to the bus stop. Speeders aren't paying attention and don't see pedestrians until very they are very close and make you can see some drivers make severe swerves and/or hit the breaks hard. It is bad enough for transit riders to walk Milford Dr in the dark but my greatest fear is the school kids. The Highland Ave. sidewalk needs to be extended down Milford to Rt 88, regardless of the "issues" that come up saying it is not feasible. | 10/17/2018 5:11 PM |
| 30 | I grew up in a city neighborhood with full sidewalks. I see a drastic difference compared to the neighborhood in Bethel Park I live in now. I knew more neighbors. I had friends I could go out and play with. People knew each other. I wouldn't recognize my neighbors more than two doors away if I ran into them on the street. I don't know who has children the same age for my kids to play with. Sidewalks are a connecting fabric this community needs. | 10/17/2018 7:43 AM |

| 35 | The lack of sidewalks in Bethel Park is my greatest disappointment with the community. Sidewalks in my neighborhood would dramatically change the way that my family interacts with my neighbors, providing greater opportunities for children to play together and families to interact. The lack of sidewalks forces us all into our cars. | 10/16/2018 11:21 AM |
| 36 | It makes sense to add sidewalks in neighborhoods near busy streets. I feel they are not nessary for most neighborhoods in bethel (within 'plans'). | 10/16/2018 10:54 AM |
| 37 | Many of my neighbors are too elderly to care for sidewalks in their yard. | 10/15/2018 10:17 PM |
| 38 | sidewalks are only effective if residents keep them clear of vegetation and snow, etc, but this is not enforced at all. please have residents keep sidewalks clear! | 10/15/2018 1:34 PM |
| 39 | Bethel Park NEEDS sidewalks in all neighborhoods. The amount of people that drive on our streets and the blind turns or hills make it unsafe for walking. Please give bethel park sidewalks! | 10/13/2018 12:02 PM |
| 40 | I feel sidewalks, especially on high traffic roads, are very important. The Stotz side of King School rd is of particular concern to me. It is lined partialy with a sidewalk but not entirely. The dangerous curve has been a problem. I have seen many people including older and wheelchair bound people. I feel very strongly that Bethel needs to expand sidewalks on heavy traffic roads. | 10/13/2018 9:37 AM |
| 41 | I lived in a community with sidewalks from childhood until age 30. I miss having them and Bethel Park would be much better off with them. | 10/12/2018 9:00 PM |
| 42 | I live on a dead end at the bottom of two giant hills. I have always felt safe being on the road with my children and pets. | 10/12/2018 8:53 PM |
| 43 | I know that sidewalks throughout community are not feasible. I like the idea of expanding the montour trail as much as possible. And sidewalks along Brightwood/West Library should be considered since many people walk those roads. | 10/12/2018 8:31 PM |
| 44 | This would by far increase appeal in BP. | 10/10/2018 11:12 PM |
| 45 | Lived in a walking community previously. It was fantastic. Miss it now living in Bethel. And while I know space is at a premium, leaving a buffer between the road and the sidewalk with a tree lawn gives a homey feel and creates a sense of safety by buffering pedestrians from the roadway. Plus it it much more aesthetically appealing. | 10/10/2018 7:23 AM |
| 46 | not all sidewalks would be used, especially on hilly streets - more parking on the trail would be better money spent | 10/10/2018 6:42 AM |
| 47 | It isn't safe to walk as much anymore and I don't think it is that important. I like our new street signs a lot. | 10/9/2018 11:46 PM |
| 48 | Sidewalks would greatly improve Bethel Park in many ways: sense of community, health of residents, property values, and more. This is much more needed than a pool. | 10/9/2018 4:44 PM |
| 49 | Clearing snow from sidewalks would be a major problem for elderly and handicapped residents, and snowplows would push snow and ice onto sidewalks, compounding the problem, making it worse. | 10/9/2018 4:41 PM |
| 50 | As someone who walks in the community, I would appreciate sidewalks. Many people speed through the neighborhoods forgetting that if a pedestrian is on the road, they need to slow down!! | 10/8/2018 8:54 AM |
| 51 | There needs to be a sidewalk on on church past greenwald. These kids are walking in the busy traffic on church! | 10/6/2018 5:45 AM |

| 55 | I just traveled to Denver, CO and it was amazing to see their sidewalk network & use of electric scooters, bikes, and other environmentally safe transportation methods used in lieu of cars & trucks. This appears to be the trend across more modernized towns & communities. With enhanced sidewalk & bike networks can also come additional cafes, shops, breweries, ect to bring jobs, money, networking, & community development growth & income. | 10/3/2018 4:51 AM |

| 57 | Sidewalks in my neighborhood are adequate | 10/2/2018 7:56 PM |
| 58 | I live on a busy street near to transportation, shops, and the community center with no sidewalk out front. Even to walk one block to the trolley or to the bakery we have to push our kids stroller on busy Brightwood. As a property owner I absolutely would support what it takes to make ROW outside our house into sidewalk because we are most likely to use it. | 10/2/2018 12:38 PM |
| 59 | Many sidewalk areas are not connected causing major safety issues. On Kingschool Road in particular there are many extremely dangerous stretches with no sidewalks for people who walk to and from the Trolley. There have also been far too many pedestrian accidents along business sections on route 88 near KingsSchool, Logan Road and 88, and Brightwood Road near South Park. | 10/2/2018 11:14 AM |
| 60 | There isn't enough traffic in my neighborhood to warrant sidewalks nor the price I would have to pay | 10/2/2018 8:48 AM |

| 11 | I'm not sure why Bethel Park Apparently Did NOT get any money from the State and or Federal Government for the help needed in repairing and or Designing the problem areas from the flooding. Also the taxes raised should not have been on Property Owners Only. There should have been another way to get some of the money that would have been a 1 time option instead of going in for years. | 15 | Preserve the wooded areas. The more trees that are cut down the more the wildlife enters into residential areas. | 11/13/2018 11:51 AM |
| 16 | Needs done has been avoided far too long. I have spent way too much money on trying to fix the problems myself to no avail. Flooding Over the years led to sink hole in backyard | 11/13/2018 11:15 AM |
| 17 | If residents have to have a stormwater plan when making changes to their property, then commercial plans need to have a much more comprehensive and stringent plan because paving new areas that were previously grass or woods has a much more detrimental effect on runoff than most residential changes. | 11/13/2018 9:33 AM |
| 18 | How about the municipality clean the sewer grates out . You can drive around the neighborhoods & there are many that are covered in debris! | 10/29/2018 6:05 PM |
| 19 | No LOW income housing. Also I do not want local government to ask like a home owners association - if I wanted that I would move where they had one. | 10/23/2018 6:57 AM |
| 20 | Too many retail stores exist here already. We need Bethel Park to be more GREEN. The whole reason we moved here was because it used to be "rural". | 10/22/2018 11:50 PM |
| 21 | Make it important that people do not sweep anything into the sewers, put animal droppings down there etc . | 10/22/2018 3:39 PM |

| 22 | I'd like to see downtrodden areas refurbished and improved, rather than "virgin" land be taken away for growth. | 10/22/2018 2:14 PM |
| 23 | Never used to have flooding in the past, too much over development. Stop cutting down trees and building new buildings, use existing empty buildings instead. | 10/18/2018 6:36 AM |
| 24 | There should be curb drains installed in areas where there is not already a direct tie in to the storm water drainage instead houses such as mine have to rely on drainage into gravel pits which don't work with heavy rains due to W. PA high clay / soil composition | 10/17/2018 8:18 AM |
| 25 | Bethel Park need to make sure it is catering to younger new residents as well as an aging population. With so many retirement communities popping up it is essential to ensure that new families aren't going to be left behind in the future planning of the community. | 10/17/2018 7:43 AM |
| 26 | Don't know what has happened In BP with all the drains the last few years but whatever they have done , they have made have made neighborhoods worse - specifically glenrock dr! | 10/16/2018 11:45 PM |
| 27 | I feel extremely strong about preserving existing (what's left) of the wooded areas. They are dropping left and right, which is getting depressing. Everyone continue to build build build without any consideration of traffic increase. It take 25 min. sometimes to go across Bethel (2 miles). Let's keep the trees and stop building! | 10/16/2018 10:54 AM |
| 28 | developers should have to commit to respond financially to issues that arise after development occurs, such as overwhelmed pipes getting sewage in homes, etc. | 10/15/2018 9:13 PM |
| 29 | We do NOT need to build on every square inch of land. In addition, all if the increased building has caused damage to the drain system which in turn has caused the constant flooding. And when the borough is informed of a sewer issue it shouldn't take months or years for it to be properly fixed. | 10/15/2018 1:25 PM |
| 30 | "green" stormwater practices should be promoted to all property owners | 10/15/2018 12:07 PM |
| 31 | The people and business being flooded should cover their own costs. It is not the communities issue that others get flooded. There are funds that can be set up for donations, fema, and state funds that are available as well as insurance policies. Especially when it will not benefit my property value or affect me at all expect in my already stretched too thin expenses. | 10/15/2018 6:00 AM |
| 32 | In favor of diversity, but would not be in favor of section 8 housing, etc. or anything. Fixing the storm infrastructure is imperative...would be a shame for there to be another devastating event. | 10/14/2018 7:25 PM |
| 33 | Every time I hear rain in the forecast, I get extremely anxious. I live behind Brookside Lumber on Patterson Road and in past years was never concerned about flooding and now it is always a concern whether the forecast calls for rain or heavy downpours ,it doesn't matter. The street floods, the backyard floods my driveway floods my neighbors yards flood. We can't escape it. SOMETHING Has TO BE DONE! | 10/14/2018 5:23 PM |
| 34 | BP also have many commercial/industrial complexes that look run down and make BP appear hodgepodge in appearance and affluence. | 10/13/2018 7:16 AM |
| 35 | Hire a new engineering firm. Our water issues are due to ongoing negligence of the municipality. | 10/13/2018 6:36 AM |
| 36 | It's not even debatable that BP needs to drastically improve their stormwater infrastructure. | 10/12/2018 9:00 PM |
| 37 | While wooded areas are important and priority should be provided to do the infill and redevelopment, it should be planned and the plan agreed by the public if wooded areas are used. | 10/11/2018 12:03 AM |
| 38 | Given the recent flood events, the storm water infrastructure needs to be a priority. This planning is all for not if we continue to have flooding issues as people will continue to leave our community because eventually, they have to cut their losses. That in turn decreases the property values for all of us. Many neighborhoods were built in built up swamp areas, and it needs to be addressed immediately. We've had enough bad press in this issue, it's time to turn it around. Regarding the redevelopment in certain areas, yes, this needs to occur. We are really starting to look like an old, outdated town in some areas. There are many eye sores on many main arteries (South Park Rd. Brightwood, Library Rd, etc). It's an embarrassment and needs to be addressed. Many, many residences and yards are in deplorable condition as well, though I don't know how this can be addressed as it seems people are only cited when there's a serious issue. | 10/10/2018 11:12 PM |
| 39 | Those small parks within the neighborhoods need to go! They are breeding grounds for middle and high schoolers to hang out at and use those spaces inappropriately. Lets build newer nicer homes around there or something. Or turn them into fields. | 10/9/2018 11:46 PM |
| 40 | Catch basins need to be fixed ASAP, glen ora took 2 weeks for one! | 10/9/2018 3:47 PM |

| 41 | With government oversight so strong in BP it's surprising storm water infrastructure hasn't been a consideration! What's the point of zoning and planning? | 10/4/2018 9:34 AM |
| 42 | Stop building! You can't handle the consequences from what is already built. IE flooding | 10/3/2018 10:24 AM |
| 43 | These loses are inevitably born by the home and business owners. Absolutely no need to spend municipal moneys here. It's going to happen. When it does, tax dollars are not there for local citizenry to rebuild other than fema. | 10/3/2018 8:52 AM |
| 44 | I got flooded primarily due to stormwater runoff as I dont live by a stream. This needs addressed by qualified engineers with ALL new & existing developments. | 10/3/2018 4:51 AM |
| 45 | Please don't develop wooded areas!!!!!! There are so many areas of Bethel that are run down and neglected. Revitalize these areas instead! | 10/2/2018 7:12 PM |
| 46 | As far as neighborhood uniformity and appeal the worst offenders are old store fronts and converted residential in shopping areas. Wish we could do something to make BP look less hodge-podged | 10/2/2018 12:38 PM |
| 47 | I strongly feel that development in Bethel Park needs to slow down. Preserve the wooded areas we have. Develop thoughtfully... Do we really need another gas station? Do we really need another development? Fix and preserve what we have, because overdevelopment could easily be the biggest mistake this Municipality has ever done. | 10/2/2018 9:43 AM |
| 48 | I don't think we need to cut down all the wooded areas for more buildings. That's one of the appeals of BP-the wildlife and the clumps of trees etc | 10/2/2018 8:48 AM |
| 49 | The stormwater infrastructure needs to be top priority before anything else. The safety of homeowners needs to be top priority!!!!!! | 10/2/2018 6:01 AM |

| 1 | As a victim of the June 20, 2018 flooding, please work to fix the storm sewer problem so that this never happens again to anyone in Bethel Park. | 1/31/2019 8:32 PM |
| 2 | My priority is " stop the flooding"..There are plenty of pools in the area and the sidewalks are sufficient.. | 1/22/2019 7:39 PM |
| 3 | it has been a fabulous place to start and to raise our family; top rate schools, a more economically diverse community than some of the neighboring towns. (We are downsizing and moving out of the county in spring 2019) Making Bethel more walkable (along w storm water upgrades) should be a priority over everything. One day, kids can walk to the pool...we could walk to Pasta Too...less cars=better Will miss you BP :) | 1/21/2019 10:56 AM |
| 4 | I would like to see more restaurants like red lobster, outback, Golden Corral, a step above eatnpark come into our community also more events and businesses to encourage young families to move into our community. | 1/17/2019 12:11 PM |
| 5 | As a new mom who's main job and focus is my family, I believe it is very important to have more activities/amenities that I'm able to do with my family here in our own town. I do not like that I have to go outside of my community just to spend some time outside. We really need a new park (something along the lines of what is at upper St Clair Rec center). I feel that residents of all ages would be able to benefit from a new park. | 1/16/2019 8:27 PM |
| 6 | Speaking of safety and the visual of our community. When we first moved here, you were not allowed to park on streets between 2 and 6 AM. Many nearby communities have this marked. I do not know if this went away or just is not enforced....it should be. Plows cannot clean the streets effectively and the visual just is n't good. Most residences have driveways....use them | 1/9/2019 3:28 PM |
| 7 | There should be term limits for council! | 1/2/2019 5:00 PM |
| 8 | Renovation of the town area of Bethel Park. Oakmont, PA would be a good example to follow as they have train tracks through their vibrant town center as well. | 12/19/2018 6:06 PM |
| 9 | Congestion of traffic on residential roads and speed around park areas needs to be addressed | 12/19/2018 3:43 PM |
| 10 | Better walkability to light rail areas | 12/19/2018 2:44 PM |
| 11 | Thank you | 11/29/2018 7:22 AM |
| 12 | You need to step back and take care of what we already have | 11/15/2018 8:24 AM |
| 13 | A walking district with a coffee house and perhaps a gastro pub would be nice. | 11/15/2018 7:37 AM |
| 14 | Bethel Park currently enjoys a safe place to live. One of your questions appears to ask if we should have Section 8 housing, and I'm of the opinion that Section 8 housing would have a deleterious effect on Bethel Park. | 11/14/2018 12:52 PM |
| 15 | I love that people aspire to live here. It takes work to attain residency. Therefore people take pride in what they own and work hard to maintain it. I've lived in 2 other areas where people catered to various incomes and it was frustrating to constantly battle over putting in the effort to keep your property and community great. Bethel is a large area that seems to be on the same page. We want great schools, we want our property to maintain it's value and we want the evidence to back up the statement that we are a great community and are willing to put the work in to create it. | 11/14/2018 12:01 PM |
| 16 | I think allowing chickens in our neighborhood is not going to attract new home buyers. This should have been on the ballot so that everybody can vote on this issue. | 11/14/2018 11:49 AM |
| 17 | I live on a side road used as a short cut to get to BPHS and therefore the traffic on my residential street can get quite busy and at times dangerous with young inexperienced drivers. I would really like speedbumps on Eastview road or some means to close the road to local traffic only during the hours when schools open and let out (excepting school buses) | 11/14/2018 10:37 AM |

| 18 | Flooding issues should have been addressed when they first happened. It's outrageous that it has happened over and over. Pay scale for municipal workers is ridiculous. A receptionist/secretary at the community center, police department, etc., should not be making the same amount of money (\$18+ several years ago that I'm aware of) as every other employee in the municipality. | 11/14/2018 9:48 AM |
| 19 | I would love to see a "downtown" area in BP with sidewalks all along South Park Rd & Brightwood Rd & W Library Rd. I also would love to see an expansion of the library with an outside area. | 11/14/2018 9:19 AM |
| 20 | I think BP is not ready to leave the 1950's. Planning is non-existent. Green space is not appreciated and water mitigation has not been a priority. Get educated people into the job. Look closely at new construction. Wake up. | 11/14/2018 7:17 AM |
| 21 | Only that the State and Federal Government should have been used to get money. If we were Not Successful I Blame Whoever That Attempted to get it Failed there Duty. | 11/14/2018 1:02 AM |
| 22 | Stop raising taxes | 11/13/2018 9:53 PM |
| 23 | Please address the storm drains. Too many residents lost so much in this past year. My family just asks you to take a hard look at this issue. Thank You. | 11/13/2018 8:42 PM |
| 24 | Please cull the deer in residential neighborhoods | 11/13/2018 8:13 PM |
| 25 | With how taxes are currently and now increasing, sewage issues should be taken care of thoroughly. Trash pick up along streets should be looked at. Variety of business should be looked at coming into Bethel. | 11/13/2018 4:15 PM |
| 26 | I am currently pleased with the things being done in Bethel Park. An improved focus by the recreation department on non-sports recreation including a better variety of classes and continued emphasis on cultural presentations for the community would be desirable. Focus upon technology and gaming would be good. The new trash collection methodology has sacrificed services for seniors and others for fiscal benefits. Provisions for getting cans to the street, places for cans to sit without impeding traffic, etc will be significant problems for some. | 11/13/2018 1:52 PM |
| 27 | The splash pad will be a great addition to the community center! | 11/13/2018 11:59 AM |
| 28 | Bethel Park needs a traffic light at the Irishtown / Logan / Patterson intersection. The intersection is dangerous during peak travel times. In lieu of a traffic light, add a BP Police substation nearby and staff it with traffic officers. You will collect enough fines from tickets at this intersection to pay for the traffic light in about a month. | 11/13/2018 11:56 AM |
| 29 | For the amount of money we spend in taxes. Our municipality should be in better shape and the community should be taken care of with a pride factor by its municipal employees. The community center is geared toward seniors not general population. No improvements being made to keep facilities up to date. Also everything is always fixed with the cheapest way instead of the smart way that would last longer. | 11/13/2018 11:15 AM |
| 30 | Community center definitely needs an upgrade. A weight room for stretching after doing cardio on the walking track would be ideal. | 11/13/2018 11:15 AM |
| 31 | Get the job done or the council will be voted out! | 11/13/2018 10:48 AM |
| 32 | Thanks for the opportunity to share suggestions through this survey -- it's a step in the right direction! | 11/13/2018 9:51 AM |
| 33 | How about street sweepers and leaf vacuuming of residential streets | 11/13/2018 9:33 AM |
| 34 | Our family is seeking to build a new, modest house, but opportunities are very limited in BP. While we do not want to leave, we are finding more plentiful options in surrounding communities (with equal or better school districts). | 11/7/2018 10:22 AM |
| 35 | I think the area around the Community Center should include larger baseball fields as well tennis courts. A place for more people to gather and spend quality time. I know space may be an issue. Also, the area near the Community Center including the new fire department, Bethel Bakery, etc. could be a great area for shopping/dining and overall family enjoyment if more parking could be added as well as some shops and cafes. Please don't add businesses like Tobacco Outlet. Add some quaint cafes and small shops and it could be a great family area that people would go to and spend money which is what the community wants and needs. A gazebo could be added for aesthetics and maybe other things that could draw people to the area. A small Amphitheater is a thought, but again, finding space may require getting rid of older buildings. Bethel Park could have things like fall festivals in an area such as this, building community involvement. | 10/30/2018 7:45 PM |

| 36 | People parking cars on their lawns is still on issue. I thought an ordinance was passed to stop this. Also, people using their front porches to hoard belongings is making Bethel Park look so tacky. Also, the height of the grass in some yards. Why do we have a code enforcer if he is not doing his job. A resident should not have to call & complain about these issues. He should be able to see these things if he took the time to drive around the municipality. | 10/29/2018 6:05 PM |
| 37 | Bethel Park is a hidden gem in the region. Taxes are reasonable, school district is great, business and restaurants are plentiful. Recreation is good for all ages. Montour Trail is outstanding and connecting it to South Park would be great addition. | 10/29/2018 4:47 PM |
| 38 | Trails and outdoor facilities are an asset to the community. Trails in particular can be used by all demographics. South park county park lacks in upgrades compared to other county parks. The consultant hired by the boro did not address SP in thier parks report. I understand the boro may not have authority, but large portions of the park do reside within the boro. The master plan for SP County park should be considered, along with neighboring community plans. A pool is not a good investment considering the cost and surrounding water options. | 10/24/2018 7:28 PM |
| 39 | Bethel Park needs to clean up and take care of their fields. Bethel Park also needs to NOT act like a "Homeowners Association" , I do NOT want local government to dictate what I may or may not do to my property (unless illegal or not taking care of). Keep the riff raff out, don't give them a way in - we have enough issues in our community. | 10/23/2018 6:57 AM |
| 40 | Bethel Park is way overbuilt. Too many stores and traffic lights. We need more green spaces and wooded areas. | 10/22/2018 11:50 PM |
| 41 | Our baseball/softball fields need updated so that games are not cancelled for days after it rains. | 10/22/2018 7:25 PM |
| 42 | Need a good recreation center with fields and a place for our kids to go and feel safe | 10/22/2018 7:02 PM |
| 43 | Trees need cut on or near sidewalk communities. Street signs are also covered with branches. Especially Berryman for NAMS school. Yes, Bethel Park needs a POOL!!!!!! Tx u! | 10/22/2018 6:30 PM |
| 44 | The recreation should be catering to the younger population of bethel park and not the older retired population | 10/22/2018 4:49 PM |
| 45 | I live on a well traveled street. We have a policeman that lives here. We have stop signs some do not stop at, we have speeding that is over looked, etc. I think the old system of the police driving around the neighborhoods and giving tickets should be enforced more so than what it is now. | 10/22/2018 3:39 PM |
| 46 | My biggest complaint living in Bethel Park is the lack of places for my teenagers to go and be with friends. The Community center doesn't have a teen room anymore and it is difficult to get time to play basketball with all of the scheduled activities. The fields around Bethel don't welcome kids playing unless they are on a team. It feels as if the teens are not given places to hang out that are safe and free. The local stores, malls, and restaurants won't allow groups of children to hang out and it is frustrating. The parks are closed during some seasons and it just feels like the community doesn't encourage teenagers being active in the community. Please keep this in mind. The highschool even took away some areas at the stadium during football games from our children. Some changes need to Be made for the youth of the community. | 10/22/2018 3:39 PM |
| 47 | Make business accountable for maintaining their properties and landscaping! Bethel Park needs updated infrastructure and they need to maintain what is already there as well! | 10/22/2018 2:41 PM |
| 48 | PLEASE stop putting up new stop signs!! We have too many already. My gym (in Bethel Park) is less than 2 miles from my house and I have to deal with 10 stop signs and a light to get there!!! I'd be very happy if many could please be removed. I was advised that speed limit signs were supposed to control traffic speed, not stop signs. | 10/22/2018 2:14 PM |
| 49 | Bethel park has gone downhill. They need to do something to make it a better place to live | 10/22/2018 1:50 PM |
| 50 | Currently Blackhawk Drive is the ONLY westbound exit out of the homes directly surrounding the school. With Blackhawk Drive closed to traffic during the day, the alternative routes are a significant detour in distance and time given all the traffic lights and additional stop signs. A new alternative is needed. | 10/18/2018 1:56 PM |
| 51 | Traffic is also a nightmare, especially on South Park road. A dedicated turning lane is needed along the entire length and better timing of the traffic lights. Also remove the new useless traffic light at South Park road and w. Library road, all that did was add to traffic problems. | 10/18/2018 6:36 AM |
| 52 | Bethel Park needs more affordable senior housing.(For independent living) - It does not need more low-income housing for age 59 or below. | 10/17/2018 9:37 AM |

| 53 | There should be curb drains installed in areas where there is not already a direct tie in to the storm water drainage instead houses such as mine have to rely on drainage into gravel pits which don't work with heavy rains due to W. PA high clay / soil composition. Houses that have consistently flood (Heavy flooding) need to be repurchased by the municipality at market rates and turned into wetland/ drainage areas. Some houses, such as those built at the bottom of Sarah street (In between California and Fera are prone to constant flooding due to poor storm water planning - these needs repurchased and the land turned into drainage/ park area | 10/17/2018 8:18 AM |
| 54 | Attracting and keeping young families in Bethel Park is essential to its future success. Although, there is a large aging population here, ensuring that the school district as well as the amenities in the area appeal to younger individuals and families. | 10/17/2018 7:43 AM |
| 55 | The community is starting to look terribly "run down" in both residential and in retail/commercial areas. This is just not a very pretty place any longer and that likely hurts our property values. Look at the number of unkept yards; the number of businesses that look like they were last updated 50 years ago (the Rt 88 corridor between Evey Hardware and the cat clinic is a great example). Much of the community is a real eye sore compared to other communities that have made redevelopment a priority. | 10/16/2018 1:15 PM |
| 56 | Development is generally a positive thing, but it has to be done responsibly, and developers should be required to commit funds to fixing (perhaps unforseen) issues that their development causes to homes that were standing previously. | 10/15/2018 9:13 PM |
| 57 | I dont think its anyones business if a neighbors grass is 3 in long. Not everyone can afford ro have someone cut there grass weekly. | 10/15/2018 4:55 PM |
| 58 | The borough needs to note that the school's are a direct reason why people mive in and out of neighborhoods. If you fail to see the negative impact the current Administration has, you fail to see the whole picture. It is sad that houses used to see very fast because of the desire for the schools. We have a negative reputation anymore and many are advised to seek houses in Chartier's Valley, South Fayette, South Park, Upper St Clair amd Cannon Macmillan. | 10/15/2018 1:25 PM |
| 59 | I wish more parks were completely enclosed for the safety of special needs kids who tend to wander. | 10/15/2018 12:21 PM |
| 60 | More affordable new housing should be encouraged instead of the McMansions that are unaffordable and sit for too many months on the real estate market. With townhouse development, promote additional green spaces for common areas | 10/15/2018 12:07 PM |
| 61 | Teens and preteens need a place to hang out. The community center staff often requires parents to be with them on courts and lounges which is ridiculous | 10/15/2018 11:51 AM |
| 62 | I live living in Bethel Park and I think recent improvements to parks have been a great asset. I really hope the splash pad comes to fruition because my family would love it. I like the pool at the Y and there's one at the high school. I think we are fine with pools. I'd rather see money go to sidewalks and the splash pad. | 10/15/2018 11:46 AM |
| 63 | We need a public indoor/ outdoor pool similar to St. Clair's. | 10/15/2018 11:33 AM |
| 64 | Continued updating/growth in BP is important. Would like to see BP not look like an "old town." Many buildings look run down...ex: that dump across the street from the post office. The old Warehouse Café was the worst. At least it's been redeveloped, but it shouldn't have taken nearly that long. It sat for too long in shambles. | 10/14/2018 7:25 PM |
| 65 | Help the Spencer Y build a pool!! It is a no brainer! | 10/13/2018 5:54 PM |
| 66 | We need more things to attract and keep families with children such as an outdoor pool..The community center is geared towards seniors which is good but don't forget about your families. The extra bussing provided by the district is a waste of tax money...Quit allowing all the housing development..We need to preserve green spaces.. | 10/13/2018 5:47 PM |
| 67 | Buildings on 88 need torn down and improved. We need a Main Street with businesses to walk too | 10/13/2018 10:50 AM |
| 68 | More sidewalks on busy roads is the most important issue mentioned for my family and me. | 10/13/2018 9:37 AM |
| 69 | It's time to start spending our tax dollars on what the people want. We want better facilities for the young not just the old. We want a pool, sidewalks, and we want updated ballfields. No more mattress stores, or auto parts stores. We want families to move here not leave. | 10/12/2018 10:56 PM |

| 72 | Additional restaurants/set up such as Mt.Lebo would be nice. Any offerings to encourage people to stay/come to BP would be good. Can the BP industrial park be looked at? There's got to be opportunities there for improvement/space for new things. Also, I neglected to add comments about the various small parks and ball fields. The neighborhood/small parks are in desperate need of a makeover. Again, many BP residents use neighboring community parks. And the ball fields (baseball & softball in particular) are horrendous. We've been to lower income communities that have nicer fields than we do. It is an embarrassment, and I can't imagine what visiting teams think when driving in past some of the tired looking businesses on our main arteries to arrive at flooded fields with limited parking, no lights in some instances, and a porta John. There are multiple opportunities for improvements, and to showcase the nice community that BP is underneath it all. On a positive note, THANK YOU for working on a comprehensive plan to address these many issues and to strengthen and grow our community for generations to come. It is much appreciated. | 10/10/2018 11:12 PM |
| 73 | As a renter, how the Municipality handles flooding and landslides will dictate whether it's worth investing in buying a home here. | 10/10/2018 11:11 AM |
| 74 | Bethel needs more dining options. We get the same businesses, mattress stores, drugstores, auto part stores and banks. | 10/10/2018 10:34 AM |
| 75 | We are extremely disappointed with the pending change regarding waste removal. Mandating particular trash cans and reducing the recycling program is not environmentally friendly and is backward moving. | 10/9/2018 4:41 PM |
| 76 | Hopefully needs instead of wants will be addressed first | 10/9/2018 3:47 PM |
| 77 | It's really not the responsibility of government to provide entertainment. Especially when money is tight. Tax dollars should be used for infrastructure and public safety! | 10/4/2018 9:34 AM |
| 78 | Something needs to be done to improve the ballfields in Bethel Park. The larger field complexes should have better indoor rest rooms with running water and Millenium should have a block building concession stand. We can't hold baseball/softball tournaments with one field option. It is embarrassing when other communities come to Bethel and see the pitiful conditions of our fields. | 10/4/2018 7:31 AM |
| 79 | You should include the cost associated with any of your recommendations. It should be explained how it will impact my property taxes. There will be a lot of great ideas come out of this plan but if you truly want an implementable plan, show the impact of each idea on my property tax bill and let the people decide. | 10/4/2018 6:41 AM |
| 80 | Personally, my street has inadequate drainage when it comes to storms. Even in a light one, at least 2 times a year multiple houses on our street flood or at the very least take in water damage due to being on a slope. The water simply bypasses the water basin on the road and flows straight down through the neighborhood while forming a river.... | 10/3/2018 6:23 PM |
| 81 | Forward-thinking enhancements to relieve traffic congestion are a must! Two lane roads full of stop signs and red lights result in 25 minute commute from one end of borough to the other. | 10/3/2018 4:01 PM |
| 82 | I have wanted to live here since I was 8. Proud to be a resident, raise my family her and work in Bp. BUT we need improvements. Sidewalks and a community pool would be wonderful additions to what is already so great about being a BP resident #BPPROUD | 10/3/2018 10:24 AM |
| 83 | Stop with the good ole boy gets the contract. Be more transparent. Allow lower bids to do the job as long as they are bonded to complete per terms. | 10/3/2018 8:52 AM |
| 84 | We need a pool. | 10/2/2018 8:41 PM |
| 85 | Hoping feedback from this survey makes its way up the proper channels. | 10/2/2018 7:56 PM |
| 86 | We definitely need to put money in a sports complex if some type, in traveling to other country minutes for games and tournaments, it really shows how horrible our facilities are. No running water, no bathrooms, it really is embarrassing | 10/2/2018 6:51 PM |
| 87 | It would be my dream that the parks specialize. Village green should be all soccer and the parking should be expanded. Miners should be all softball and improved. Millennium should add two fields and be all baseball. Park avenue should be turfed and be all lacrosse in the spring and football in the fall. | 10/2/2018 3:06 PM |

Blueprint Bethel Park: Community Assets Survey

| | | |
|----|---|--------------------|
| 88 | Maintain and better the community. There is no reason for our community to look so worn down and not maintained. Upper St Clair and surrounding communities update what they have, they have flowers they maintain during the summer - they do a great job. Bethel Parks priorities are not making it stand out. It's unsightly in the down town area and needs to be updated and MAINTAINED! The community center being repainted being gray was an AWFUL decision further bringing down the recreational center. Shame on the planner who executed such poor decision making! | 10/2/2018 2:26 PM |
| 89 | Bethel park is becoming too commercial, with some businesses encroaching on neighborhoods. BP is losing it's aesthetic appeal. | 10/2/2018 12:59 PM |
| 90 | Walkways and walking spaces are the biggest priority. Very doable, very wanted, very needed, and it would increase the community feel by bringing people into public spaces and not just cars | 10/2/2018 12:38 PM |
| 91 | Road maintenance should also become more of a priority. There are many roads within the municipality that are cracked and full of pot holes that are not often repaved or resealed as often as they should be. | 10/2/2018 11:14 AM |
| 92 | Thank you for the opportunity to participate in planning the future of our community!!!☐☐☐☐☐ | 10/2/2018 8:13 AM |
| 93 | Do not put in section 8 housing!!! (Projects) | 10/2/2018 6:16 AM |
| 94 | None | 10/2/2018 6:11 AM |
| 95 | Stormwater needs top priority over all other topics on this survey. The health and safety of the residents is key to the area in order for the borough to continue striving. | 10/2/2018 6:01 AM |
| 96 | I love living in bethel park. We need to meet the needs of young families as long as the aging citizens. It bothers me that unkept houses etc are not addressed unless someone complains. | 10/2/2018 5:49 AM |
| 97 | BP needs a traffic light at the Patterson / Logan / Irishtown intersection before a serious accident occurs. | 10/2/2018 5:39 AM |
