They're perfect for my sons who are 5 and 6 they love them plus it was super easy to assemble? April 15, 2020 The bed seems very sturdy and it was easy to put together. I wish the equipment was all packed together because we thought we were ingesting the pieces and had to dig through the box again to find it. My girls love it and it's a nice bunk for young kids (my 3 and 6) Useful? This is the 2nd frame bed I bought from this company. I was looking for something inexpensive with the intention of being temporary for a few years. I like that I can have a bunk bed for my 4 and 6 year olds without having to be high. The framing is dignified, but will not last forever. Perfect for sleeping and sitting on, but probably won't be able to handle a lot of jumping around as it's made from hollow metal tubes and plastic bits. Helpful?
