5

1. Fill out your first and last name in the corresponding fields. Do not enter your company name:

First name:

Last name:

6

Enter the ASIN of your product (e.g. B0023M098N). Do not enter the UPC / EAN / FNSKU or the pro

ASIN

B0023M098N

7

If your product is not a kit (does not come with additional battery or battery-powered devices): Enter the na

ASIN	Product title
B012345678	COMEPLUSS 12L/day Automatic ON/OFF Dehumidifier

Important note: Do not copy/paste the product name directly from the detail page. Type it in instead, otherwi

8

If your product is a kit. Please mention all the box products that are availabe in the box in section (What's

ASIN	Product title	What's in the box?
BX00000	Led String Lights 100M with Remote	1) remote
		2) Led lights
		3)

4)

Important note: If your product includes **multiple items**, you must submit documentation for each item. For example, submit a Safety Data Sheet for the battery item ("shaver") and submit a Safety Data Sheet for the chemical/substance item ("cleaning solution").

- 9 From the drop-down menu, select if the your product (or item within a kit) is sold with a battery / batteries or if the product does not contain / is not a battery itself / is not sold with any batteries, then select "No":

ASIN	Product title	What's in the box?	Are batteries sold with the product or is the product a battery?
BX000000	Led String Lights 100M with Remote	1) remote	Yes
		2) Led lights	No
		3)	
		4)	

Important note: If you select **"No"** to the "Are batteries sold with the product or is the product a battery?" question you do, the exemption sheet will be rejected as conflicting.

- 10 If you answered "Yes" to the "Are batteries sold with the product or is the product a battery?", please select the battery composition / cell type of the battery:

ASIN	Product title	What's in the box?	Are batteries sold with the product or is the product a battery?	Chemical composition / cell type of the battery	Battery packaging
BXXXXXXXXX	CAR TOY	REMOTE	Yes	ALKALINE	

- 11 If you have selected a **lithium** composition or type (CR2032, CR123A, CR123, lithium metal, lithium ion, 18650-Li-ion), please select the packaging based on the definitions below:

- Select **"In equipment"** if the battery is preinstalled or assembled in the item (e.g. Kindle tablet or Apple iPhone).
- Select **"With equipment"** if the battery is packed with, but not inside, the device it powers. For example, a device with a preinstalled battery in the device (e.g. tablet) and a battery packed alongside (e.g. spare battery for the tablet), then select "With equipment".
- Select **"Standalone"** if the product is a battery sold alone (e.g. replacement laptop battery) or if the battery is sold with battery chargers (e.g. powerbanks) are standalone batteries.

Battery are pre-installed

Battery can be separated

Batteries are pre-installed
(In Equipment)

Batteries can be separated
with product or can be
detached without any tool
(With Equipment)

12

If you have selected a **lithium-ion** composition or type (lithium ion, 18650-Li-ion, lithium polymer) in column M found printed on the battery itself or in the product's manual. It can also be calculated from the battery **nominal**

Online calculation link

[Wh calculator](#)

ASIN	Product title	What's in the box?	Are batteries sold with the product or is the product a	Chemical composition cell type of the battery
BXXXXXXXXXX	CAR TOY	REMOTE	Yes	Lithium_Ion

Important note: If you selected a battery composition or type **other than lithium-ion** in column M, do not fill out the table.

13

If you have selected a **Lead Acid/Lead Calcium** composition in column M, you must let us know if the lead acid is spillable or not in the product manual. If you select "non-spillable", then the battery itself **must be plainly and durably marked** "non-spillable".

ASIN	Product title	What's in the box?	Are batteries sold with the product or is the product a	Chemical composition cell type of the battery
BXXXXXXXXXX	UPS	UPS	Yes	Lead_Acid

Important note: If you selected a battery composition other than **Lead Acid** in column m, do not fill out the "Spillable" section.

For example, for a shaving kit with the shaver and a cleaning solution, you must fill out this exemption sheet for

or not. Select "Yes" **even if the battery is not removable and/or non-rechargeable**. If your

tion, then **do not fill out any other columns** (battery chemical composition, battery packaging, etc.). If

ct from the drop-down menu what battery composition / type your product is / contains / is sold with:

Try ing	No. of cells	Watt-hours	Spillability	Details validation status
				Complete

Li-ion, lithium polymer) or lead acid/ lead calcium in column M, you must select a battery packaging type in

one)

cell phone with the removable battery packed alongside the phone. If your product has both a battery and a power source, select "With equipment"

is sold with items that it does not power (e.g. a spare cell phone battery sold with a charger). External

Battery sold alone, or

power bank (Standalone)

If, you must also provide the **energy content in watt-hours (Wh)** of your product. The Wh can usually be calculated from the **voltage (V)** and **amp-hour (Ah)** rating. A Wh calculator is available at the link below:

Off line calculcation

Voltage		Current Rating		WH	
Volt (V)		in Ah			0
		OR			
		in mAh	1200		

Do not calculate WH if your product is a **POWER BANK** or **JUMP STARTER**

Position / Battery	Battery packaging	No. of cells	Watt-hours	Spillability	Details validation status
	In Equipment	Single_cell	WH <= 20		Complete
			WH <= 20 WH > 20		

Do not provide the "Watt-hours" column If you do, the exemption sheet will be rejected as conflicting.

Do not provide the "Spillability" column if your product is a lead acid/ lead calcium battery is spillable or not. To know if your lead acid battery product is spillable or not, refer to the "non-spillable" or "non-spillable battery". Also please provide battery packaging as well in coloumn "N"

Position / Battery	Battery packaging	No. of cells	Watt-hours	Spillability	Details validation status
	In Equipment			Spillable	Complete
				Spillable Non-Spillable	

Do not provide the "Spillability" column If you do, the exemption sheet will be rejected as conflicting.
