

Our Guarantee

This is our guarantee to you, our client, on our safety consultancy services

Our over-arching guarantee is that the people we work with will feel secure and confident in the ongoing management of their business, based on the advice we have given them.

To back this guarantee up, we will;

- deliver what we quoted for, within the agreed timeframe, and for the agreed price.
- provide additional advice, free of charge, to bridge any gap or deficiency in our advice, when identified by an enforcement. Inspection.

We do require our clients to;

- work willingly and positively work with us;
- provide suitable resources to the project we are embarking on, and provide us with the information we need; and
- put our advice into practice.

What we cannot guarantee;

- as professionals, we are like your accountant, doctor, or lawyer. They cannot guarantee the operation will succeed nor that they will win the court case. Similarly, we cannot guarantee that your business will be incident free. But we will do our best, based on the honest information you have given.
