That's all so beautiful, easy Ramadan lantern craft that comes with a print lantern template. This lantern craft is easy to create, making it ideal for young children or a large group. Necessary materials:: lantern pattern (see below):: scissors and/or craft knife:: sticky plastic /contact paper:: colored cellophane or fabric an even simpler version? You can simply use pens, pencils or paint to color in a lantern pattern. How to make a suncatcher cut lantern lantern lantern pattern with scissors and/or craft knife. You will also need to cut out three internal lantern panels. Place the lantern face down on a piece of sticky supported plastic/contact paper. (Tip: Use sticky tape to attach sticky plastic/contact paper to your table to keep it still while you put the lantern in place.) Use pieces of cellophane or paper to fill three lantern panels. Keep going until all the windows of the lantern are filled. Then place a second sheet of sticky-supported plastic/contact paper over the lantern to make a sandwich in all pieces of cellophane/tissue paper. Trim around the outside of the lantern to cut off any excess sticky-supported plastic/contact paper. Hang a lantern in the window to allow the cellophane/tissue paper to be illuminated by the sun. You can make a few and hang them as garlands to make string lanterns. More Ramadan activities for childrenClick are here to see all our Ramadan activities and print.
