Decorative, felled or double seams may appear different in fabric and leather versions. For manufacturing reasons, seams may be left out of the fabric version or replaced with simple seams.

All dimensions given are approximate measurements in inches. We reserve the right to make changes. The dimensions are given in width/depth/height/seat height.

Note on seat height:

The final seat height on this model is only reached over time by sitting in, due to the upholstery construction.

Seat depth: approx. **20 in**

Armpart width: approx. **4 in**

Handrail width: approx. **2 in**

Rocking motion of the rocking function:

backwards: approx. **8 in**

www.schillig.com

forward: approx. **4 in**

Model-related feature:

The upholstery is deliberately processed casually to create a certain visual appearance. Waving is not a quality defect, but a model-related feature that ensures optimum seating comfort.

Digital fabric/leather and colour samples:

The visual appearance of the covers and colour samples may vary, samples in accordance - colour and structure deviations possible.

Note on the upholstery structure:

Tickling cushions have been used in the seat when **nanoSOFT** comfort is chosen. This can lead to marking of the individual chambers and is a typical characteristic of the product.

Contrasting thread:

This model is available in leather and some fabric colours with contrasting colour thread

at no extra charge. You will find the specified colours in our fabric/leather trolley. Please state the no., otherwise tone-in-tone will be delivered.
