Modern and functional.

The elegant seat-depth adjustment is a standard feature of the **phoenix** 56549. The stylish stitching can be further enhanced by decorative cross-stitching in leather.

Flexible seat depth

On some units, the backs can be moved back a few cm to increase the seat depth. The total depth changes.

Flexible plug-in headrests

The headrests with joint can be inserted into the opening between the back body and the back cushions individually.

Stitching

The fabric version of the model is finished with a flat-felled seam. The leather version features a decorative cross-stitch seam, which can also be finished with a con-

Lumbar pillow

The lumbar pillow can be placed in the back for an even more comfortable fit.

Absolutely eye-catching

The armpart design of the model provides an interesting look and stands for special craftsmanship.

ORDER INFORMATION

Back sides of sofas:

All pieces are genuinely upholstered at the back.

Positioning diagram:

Please send us a positioning diagram, depending on the different variations available. The connecting sides got marked in red for some elements in the type guide.

Base leg Z:

If elements and sofas without or with 1 armpart are to be placed directly against elements or sofas without or with 1 armpart, a base leg Z is required and must be ordered separately.

Connecting sides:

For a surcharge, the connecting sides can be supplied in the original cover instead of stretch fabric.

Seam appearance:

Decorative, felled or double seams may appear

www.schillig.com

different in fabric and leather versions. For manufacturing reasons, seams may be left out of the fabric version or replaced with simple seams.

All dimensions given are approximate measurements in inches. We reserve the right to make changes. The dimensions are given in width/depth/height/seat height. The dimensions refer to the position of the sofa backs at the front.

Note on seat height:

The final seat height on this model is only reached over time by sitting in, due to the upholstery construction.

Seat depth with function seat depth adjustment:

Back at the front: approx. **25 in**

Back at the back: approx. **31 in**

Seat depth one arm chaise: approx. **49 in**

Seat depth one arm chaise incl. seat depth adjustment: approx. **56 in**

Armpart width: approx. **5 in**

Armpart depth: approx. **38 in**

Overall depth sofas, with rear back: approx. **44 in**

Total depth of one arm chaise when back is at the back: approx. **56 in**

Recommended wall distance: approx. **6 in**

Especially casual upholstery:

The upholstery is especially casually processed to create a certain appearance with a super soft surface. The covers may already show a pronounced wavy appearance on delivery, which is intentional due to the design and construction and may become even more pronounced with use. This is not a quality defect, but a model-related characteristic.

Digital fabric/leather and colour samples:

The visual appearance of the covers and colour samples may vary, samples in accordance - colour and structure deviations possible.

Note on upholstery construction:

Ticking cushions have been used in the seat and back. This can lead to the marking of individual chambers and is a typical feature of the product.

Thread implementation:

The model is produced in fabric cover with a flat felled seam. In leather and with contrasting coloured thread it is produced with a special cross-stitched seam as standard. **Please note: a cross-stitched special seam is not available with fabric cover!**

Contrasting thread:

This model is available in leather and some fabric colours with contrasting colour thread at no extra charge. You will find the specified

colours in our fabric/leather trolley. Please state the no., otherwise tone-in-tone will be delivered.

W. SCHILLIG

LEGS

metal leg black

F C3

Powder-coated:

The colour M99 black is powder-coated.

Leg and floor protection:

Slim furniture legs with a small gliding surface exert increased pressure on the floor. For sensitive floors, we recommend fitting glides/ an underlay to protect against scratches and pressure marks.
