Elegance & comfort combined

The **atlas** 58211 model combines elegance with relaxed comfort, becoming a striking focal point in modern living spaces. Its floor-to-ceiling design and clean lines lend it a calm, monumental presence. The **nanoSOFT** seating comfort provides a pleasantly soft, sinking seating experience, complemented by the standard seat depth and armrest adjustment. Distinctive tuck on the seat and back cushions, as well as the striking tufted detailing on the back, give the model a high-quality, handcrafted look. The ottomans can be fitted with castors at an additional cost.

Flexible seat depth

On some units, the backs can be moved back a few cm to increase the seat depth. The total depth changes.

Flexible armparts

The armparts are foldable and fitted with notch function as standard.

nanoSOFT Sitzkomfort

This model is equipped with the special **nanoSOFT** seat, which combines exceptional softness with integrated ergonomic support.

Castors for ottomans

The ottomans can be equipped with castors for surcharge. Two of the castors can be created. Thus a big surface can be created.

ORDER INFORMATION

Flexible armparts:

Maximum load capacity up to 25 kg, they are not seats.

Back sides of sofas:

All pieces are genuinely upholstered at the back.

Seam appearance:

Decorative, felled or double seams may appear different in fabric and leather versions. For manufacturing reasons, seams may be left out of the fabric version or replaced with simple seams.

All dimensions given are approximate measurements in inches. We reserve the right to make changes. The dimensions are given in width/depth/height/seat height.

Note on seat height:

The final seat height on this model is only reached over time by sitting in, due to the

www.schillig.com

upholstery construction.

Seat depth:

Seat depth with function seat depth adjustment:

Back at the front: approx. **24 in**

Back at the back: approx. **30 in**

Armrest width: approx. **15 in**

Armrest depth: approx. **41 in**

Armrest height: approx. **19 in**

Armrest height with function full up: approx.

26 in

Overall depth sofas, with rear back: approx.

45 in

Recommended wall distance: approx. **8 in**

Particularly casual upholstery:

The upholstery of the model is particularly casually processed to create a certain visual appearance, which is characterised by a super soft surface. Covers may already show a

pronounced wave pattern on delivery, which is intentional in terms of design and construction and can become even more pronounced during use. This is not a quality defect, but a model-related characteristic.

Information on the upholstery structure:

Chamber cushions filled with a high-quality mix of polyester fibres and foam rods have been used in the seat and back. This can lead to depression of the individual chambers, which is a typical product characteristic.

Digital fabric/leather and colour samples:

The visual appearance of the covers and colour samples may vary, samples in accordance - colour and structure deviations possible.
