I can hear the disk spinning as I enter my password but it takes about 10+ seconds for the desktop to show. I am working from home today and my login screen is horrible because of this, and I have to watch my step because the backspace button takes around 4-5 seconds to return to the previous page. I am about to bring my notebook back into work. What steps should I take to diagnose the problem? A: I changed from VirtualBox to VMware (Free Trial), and now everything works just as it should. I installed VMware in a Windows 10 guest on my Windows 10 host and everything worked as expected. A great book on Mussolini, "The Trial of Mussolini," by Daniel C. Dennett. It describes in great detail how Mussolini was brought to power, as well as his rise to power. The Fascists were willing to adopt and drop parts of the Italian Constitutional Monarchy (as well as the Holy Roman Empire) to achieve their ends. Muss
