

# Amāvi Father's Day Collection

Have you ever asked your dad (also insert husband, grandpa, uncle, brother, etc.) what their ideal day would look like? Chances are that many men would say that the best day would be one free of to-do lists, deadlines, and rushing around. A day instead spent on quality time with loved ones, and just soaking in the present moment.

Give the men in your life a piece of this perfect day with a doTERRA collection created from this desire to slow down and appreciate life. This new limited-time kit created for men comes with the Amāvi™ Touch blend, Onyx Balance Bath Bar, and Amāvi™ Aftershave Lotion. The name “Amāvi” comes from the Latin saying “Veni, Vidi, Amāvi” which translates “I came, I saw, I loved.” The expression itself encapsulates the idea that life is a journey to be experienced, and that joy can be found in even the little things.

## Amāvi Touch

This unique blend is made of the essential oils Buddha Wood, Balsam Fir Wood, Black Pepper Fruit,

Hinoki, and Patchouli. Budda Wood oil is currently exclusive to the Amavi blend, and is the only way to experience the unique aroma of Buddha Wood from doTERRA. The grounding aroma of Amavi synergistically works with each individual's chemistry to create an elevated personal fragrance experience. It works behind the scenes to calm, uplift, and refocus your mind. In part because of the Black Pepper content, Amavi Touch can calm your unwanted nerves or anxious feelings.

Beyond the aroma, the combined oils support your largest organ—the skin. The blend is formulated to soothe irritated skin and also support its healthy appearance. The wood oils specifically help to calm and heal your skin, while the herbs help to promote youthful skin.

### **Amavi After Shave Lotion**

Sometimes your skin needs something more after a shave. The Amavi After Shave Lotion is soothing and calming to your skin. It goes beyond what you'd expect from a typical aftershave to offer intense hydration, and reduce the appearance of blemishes for a smooth complexion. The added bonus here is that it also promotes firmer-looking, youthful skin. It helps to slow down premature signs of aging, and reduces the appearance of wrinkles.

Similar to the Touch blend, the essential oils used in the After Shave Lotion are Budda Wood oil, Tea Tree oil, Balsam Fir, Peppermint oil, and Litsea Cubeba Fruit Oil. The formula is lightweight and non-greasy, and absorbs quickly into the skin. It is ideal for use each morning after shaving and before bed.

### **Onyx Balance Bath Bar**

This raw handmade-looking bath bar is formulated with the ever-popular Balance blend. The Onyx Balance Bath Bar is an African Black soap derived from artisanal, plant derived ingredients with naturally occurring vitamin E. It possesses a unique combination of shea nut butter, coconut oil, and palm kernel oil supplied from Ghana.

While some bath bars can seem to dry out the skin, thanks to the moisturizing ingredients, the Onyx Bath Bar will moisturize and refresh your whole body for a deep cleansing experience. Outside of the shower, the bar is also perfect to use for that perfect close shave.
