

Receive the Christ Light with Mother Mary

Channeled through Christina Maria Kramer

Christina Maria brings forth the embodiment, unconditional love and beautiful messages of the Divine Mother. Mother Mary has been working with her since childhood to prepare her for this great mission - to help awaken and anchor the Divine Feminine onto the planet.

Throughout the channeling, you will receive transmissions of the Divine Mother's profound healing energy as she sings beautiful sounds which will open your heart and harmonize your energy field and chakras. She may also sing into your heart.

Individual sessions are also available in which Mother Mary will assist you with your questions and concerns. Many have experienced profound emotional and physical healing from these channelings.

Christina Maria leads channeling events and retreats internationally. She is a sought after teacher and healer who has appeared on international radio and television.
