Presents — The Goddess Among Us

with Liza F. Camba (Sat-Akal)

"Birthing a New Reality"

In 2004 Liza bought a one-way ticket from Los Angeles to the Philippines to fulfill a lifelong calling, to deepen her relationship to her roots, while serving as a human rights advocate. During that period, she was intimately exposed to the adverse effects of globalization and militarism on the lives of men, women, children, and working families throughout the country, and at a time of significant extrajudicial killings. Surviving the tragedy of the Hacienda Luisita Farmworker Massacre was one of the most impactful of the entire experience. Years of self-healing, self-inquiry, and study eventually birthed a new reality to be in service to. Join us for a dynamic and inspiring talk, drawing from stories of sacrifice, laughter, commitment, and love. During this talk, attendees will be invited to experience a taste of Luminescence healing sounds coupled with Mahal Healing Energy (www.MahalisLove.com).
