ECLIPSE FULL-AUDIO SCOPING & IN-SOFTWARE PROOFREADING RATES - 2021

SCOPING - STANDARD DELIVERY -> 5 days

Nonvideo, intelligent verbatim	\$1.50/page
Video/nonvideo, strict verbatim (false starts, repeated words)	\$1.65/page

Rates are exclusively for full-audio scoping of deposition transcripts with 25 lines per page and fall within the average range in terms of the "2020 Scoping, Proofreading & Transcription Business Survey Results" compiled by *Best Scoping Techniques*. Weekends count as one day. Depending upon workload, files are usually returned ahead of schedule at no additional cost but should not be expected. No extra charge for medical or highly technical content.

SCOPING - EXPEDITED DELIVERY -> 2 to 4 days

Nonvideo, intelligent verbatim	\$2.00/page
Video/nonvideo, strict verbatim (false starts, repeated words)	\$2.25/page

SCOPING - DAILY DELIVERY -> less than 24 hours

Nonvideo, intelligent verbatim	\$2.60/page
Video/nonvideo, strict verbatim (false starts, repeated words)	\$2.75/page

SCOPING – IMMEDIATE DELIVERY -> less than 12 hours

Intelligent verbatim, Connection Magic	\$3.00/page

IN-SOFTWARE PROOFREADING RATES

Standard delivery -> 2 to 3 days	\$1.00/page
Daily delivery -> less than 24 hours	\$1.25/page
Immediate delivery (Connection Magic) -> less than 12 hours	\$1.50/page

The text file is carefully read along with audio spot-check and, unlike PDF proofreading, corrections are made, saving the reporter time and energy. If the file contains more errors than is reasonably expected from a scoped file, it will be returned. Weekends count as one day.
