What's the difference between a guidebook and a Class X guidebook? In most cases, when 10th grade students want to buy additional books, instead of choosing guides, they choose guidebooks because they do not know the exact difference between them. Guidebooks usually contain only practical questions with the leitmotifs to review for exams. While the guides contain the full concept, theory and question in its entirety. That's why guides are more recommended than guidebooks. NCERT to deliver Class 10 Books on your door pitch for free! Good news for all CBSE students!
