

Vintage Alphabet Quilt

(69 x 78)
Supply List

Join us to make a reproduction of this beautiful and unique Alphabet quilt. While at first glance, the quilt seems quite traditional, the setting and the treatment of some letters make it one of a kind.

In the workshop we will tackle both some of the basic letters and some of the more advanced ones so you will have the skills and info required to complete the whole quilt.

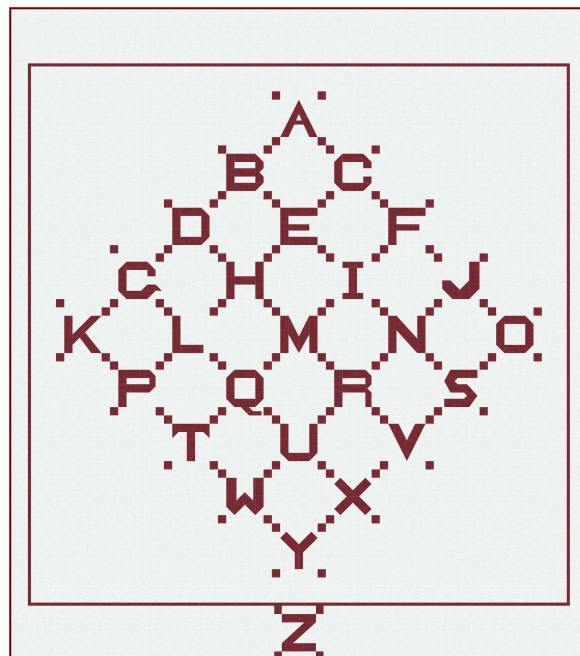

However, don't feel obliged to make the whole quilt. You can choose your letters as desired - your family name, favorite school or team, the possibilities are endless.

Here are the supplies for the whole 69" x 78" quilt as shown:

White: 6 yards

Red: 2 yards

While Red and White is the traditional color scheme for this quilt, feel free to choose your own fabrics. Just be sure you have high contrast between the letters and the background. It would even look great scrappy!

Be sure to bring cutting mat, rulers and a sharp rotary cutter along with your sewing machine and cord (and control foot!) to class. Also bring thread, scissors and other sewing supplies you like to have on hand to make your class time enjoyable.
