

## **Dear Man!**

Being deeply committed to other men is a non-negotiable agreement.

The possibility of being together with other men in the field of radical responsibility to open doorways to the unknown qualities of being a man is a purpose of this experIMENT.

Living together with men in a Matrix building environment offers you multiple ways of expanding your capacity to be present and awake, to go through your personal healing coming up and to be an active part of the next Men's culture, which is bringing the Archetypal Lineage in service for Gaia. Experimenting with what comes up and sourcing out of the domain of „not knowing how“ is a daily invitation to the courageous beings who will be part of this Men's Heart Bridge House.

Our location is Möglichkeitenraum in central Germany, a fully equipped Archiarchy Invention Center. The training space is open for you to provide your knacks and your non-material value.

ECCO created in mysterious ways this six week long adventure for you to be part of. If you extend your now, a prolongation of this expedition is even a possibility.

The door is open ...
