# THE BEEF SI COOKED TO DRAIN ACID FROM THE CABINET

- ★ Three layers of hollow tempered glass insulation design, high-definition display
- ★ High-looking design of the appearance of the super-wild, put where the scenery
- ★ Whole machine foaming integrated molding, more energy-saving
- ★ Pure Copper Pipeline brand compressor, refrigeration effect is good
- ★ Universal Caster, easy to use,

## Product parameters

Product name	External dimensions(mm)	Volume(L)	Temperature range(°C)	Voltage/frequency	Power(W)	Refrigeration mode
Three door Display cabinets	1800×770×2650	1500	2~8	220V/50Hz	1000	direct-cooling
Two door Display cabinets	1200×770×2150	1000	2~8	220V/50Hz	700	direct-cooling
One door Display cabinets	630×770×2050	500	2~8	220V/50Hz	500	direct-cooling

# LUXURY LIQUOR CABINET SERIES

Multi-layer shelf, self-evaporating water, automatic rebound door

- ★ Double-layer hollow toughened glass insulation design
- ★ Whole machine foaming integral molding
- ★ Pure Copper Pipeline brand compressor
- ★ The position can be adjusted flexibly
- ★ Stainless steel titanium plate

## Product parameters

Product name	External dimensions(mm)	Volume(L)	Temperature range(°C)	Voltage/frequency	Power(W)	Refrigeration mode
Drink cabinet	1200×700×2050	1000	2~8	220V/50Hz	380	Direct cooling/air cooling

# LUXURY MEAT HANGING CABINET

- ※ The inner box is made of high quality stainless steel
- ※ Refrigeration series copper pipe
- ※ Integrated stainless steel door handle
- ※ Electronic Temperature Control
- ※ Liner stretch, no welding
- ※ Super Space, super load-bearing

## Product parameters

Product name	External dimensions(mm)	Voltage/frequency	Refrigeration mode
Two door Meat cabinet	1200×1000×2250	220V/50Hz	direct-cooling
Two door Meat cabinet	1500×1000×2250	220V/50Hz	direct-cooling

## Product parameters

Product name	External dimensions(mm)	Voltage/frequency	Refrigeration mode
Three door Meat Locker	1800×1000×2250	220V/50Hz	direct-cooling
Three door Meat Locker	2000×1000×2250	220V/50Hz	direct-cooling

# LUXURY MULTIFUNCTIONAL MOTHER AND DAUGHTER CABINET

## MULTI-FUNCTIONAL HIERARCHICAL USE

Preservation, storage, operation as one machine multi-purpose

- ※ The inner box is made of high quality stainless steel
- ※ Refrigeration series copper pipe
- ※ Integrated stainless steel door handle
- ※ Electronic Temperature Control
- ※ Liner stretch, no welding
- ※ Super Space, super load-bearing

Supermarket

market

fresh shop

hot pot shop

## Product parameters

Product name	External dimensions(mm)	Volume(L)	Temperature range(°C)	Voltage/frequency	Power(W)	Refrigeration mode
Combo cabinet	1200×800×2070	1000	+9~-15	220V/50Hz	420	direct-cooling
Combo cabinet	1500×800×2070	1000	+9~-15	220V/50Hz	420	direct-cooling
Combo cabinet	1800×800×2070	1000	+9~-15	220V/50Hz	420	direct-cooling
Combo cabinet	2000×800×2070	1000	+9~-15	220V/50Hz	420	direct-cooling

# AIR-COOLED DUCK RACK

- ※ Instead of the traditional drying room, shorten the drying time
- ※ Vacuum layer + double glazing, double insulation
- ※ Thawing/air drying/dehumidification/constant temperature
- ※ It can avoid deterioration and damage caused by high weather temperature
- ※ Shorten drying time and improve work efficiency

## Product parameters

Product name	External dimensions(mm)	Volume(L)	Temperature range(°C)	Voltage/frequency	Power(W)	Refrigeration mode
three-door duck embryo cabinet	1800×760×2000	1500	2~10	220V/50Hz	610	direct-cooling
three-door duck embryo cabinet	1800×850×2250	1900	2~10	220V/50Hz	610	direct-cooling
double-door duck embryo cabinet	1200/1500×850×2250	1200/1500	2~10	220V/50Hz	610	direct-cooling
single-door duck embryo cabinet	630×770×1920	500	2~10	220V/50Hz	610	direct-cooling

- ※ National Patent
- ※ 360° air cooling cycle
- ※ Original drum silent fan
- ※ Efficiency increased by 2 times

## Product parameters

Product name	External dimensions(mm)	Volume(L)	Temperature range(°C)	Voltage/frequency	Power(W)	Refrigeration mode
double-door duck embryo cabinet	1200×760×2000	1000	2~10	220V/50Hz	480	direct-cooling
single-door duck embryo cabinet	630×780×1950	500	2~10	220V/50Hz	320	direct-cooling

# BLACK GOLD COMMERCIAL REFRIGERATOR

- ★ Stainless steel handle, durable, beautiful.
- ★ Detachable door seal for easy disassembly and cleaning.
- ★ Rounded corner design, inner liner stretching, easy to clean.
- ★ Glass door design, bright, beautiful, generous.
- ★ Universal caster, easy to use, flexible position adjustment.

### Product parameters

Product name	External dimensions(mm)	Volume(L)	Temperature range(°C)	Voltage/frequency	Power(W)	Refrigeration mode
Three door freezer display cabinet	1800×760×2000	1500	+9~-20	220V/50Hz	1600	Direct cooling/air cooling
Double door freezer display cabinet	1200×760×2000	1000	+9~-20	220V/50Hz	1300	Direct cooling/air cooling
Single door freezer display cabinet	630×780×1950	500	+9~-20	220V/50Hz	700	Direct cooling/air cooling

# FROZEN DISPLAY CABINET SERIES

- ★ Double-layer hollow toughened glass insulation design
- ★ Whole machine foaming integral molding
- ★ Pure Copper Pipeline brand compressor
- ★ The position can be adjusted flexibly
- ★ Stainless steel titanium plate
- ★ Original imported Embraco compressor

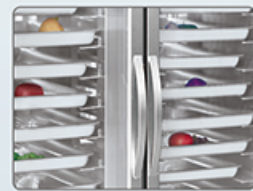

### Product parameters

Product name	External dimensions(mm)	Volume(L)	Temperature range(°C)	Voltage/frequency	Power(W)	Refrigeration mode
Three door hotpot food cabinet	1800×760×2000	1500	+9~-20	220V/50Hz	1600	Direct cooling/air cooling
Double door hotpot food cabinet	1200×760×2000	1000	+9~-20	220V/50Hz	1300	Direct cooling/air cooling
Single door hotpot food cabinet	630×780×1950	500	+9~-20	220V/50Hz	700	Direct cooling/air cooling

# SIDE DISHER CABINET

- ★ Excellent and outstanding refrigeration heart, high refrigeration efficiency, high-performance closed imported compressor, for the quality and life of the product to provide a reliable guarantee.
- ★ High efficiency condenser, using countercurrent shell tube design, internal copper pipe using imported threaded pipe, high efficiency heat exchange performance, increase heat dissipation.
- ★ Good, stable refrigeration operation unit internal layered isolation, greatly reducing the noise of unit operation, to provide you with a quiet working environment.
- ★ Microcomputer control technology, multi-function, automatic, all-round control, accurate adjustment
- ★ To truly realize the safe and economic operation of the unit.

## Product parameters

Product name	External dimensions(mm)	Volume(L)	Temperature range(°C)	Voltage/frequency	Power(W)	Refrigeration mode
Food delivery cabinet	1200×800×2000	1000	2~10	220V/50Hz	380	Direct cooling

# QUICK-FREEZING FREEZER

Original French Taikang imported compressor  
Instant frozen steamed dumpling

-40 ° C TAKES  
ONLY 25 MINUTES

## Product parameters

Product Name	Dimensions (mm)	Effective volume (L)	Temperature range (°C)	Voltage/frequency	Power consumption (KW·h)	Power (W)	Climate type	Refrigerant	Refrigeration system
20 kg freezer	820*850*1320	120	0~-40	220V/50Hz	1	2400	4	R404a	Direct cooling
40 kg freezer	820*850*1800	245	0~-40	220V/50Hz	2.6	3600	4	R404a	Direct cooling

# NEW DRAWER CABINET

- ★ The box body is made of high-quality stainless steel, which has excellent performance in high strength and corrosion resistance.
- ★ The refrigeration system adopts advanced air-cooled circulation system, which can control the temperature more effectively and does not freeze.
- ★ Integrated European door handle, firm, beautiful and generous.
- ★ Auto-return door design, the door can be opened at an angle of more than 90 degrees, convenient for accessing food, less than 90 degrees, the door can automatically return.

## Drawer-type classified storage keeps fresh without odor

Refrigeration and preservation are more flexible, and the space can be adjusted freely.  
The air-cooled circulation is evenly refrigerated, and the freshness will not deteriorate for a long time

# NEW CHEST OF DRAWERS

- ★ The box body is made of high-quality stainless steel, which has excellent performance in high strength and corrosion resistance.
- ★ The refrigeration system adopts advanced air-cooled circulation system, which can control the temperature more effectively and does not freeze.
- ★ Integrated European door handle, firm, beautiful and generous.
- ★ Auto-return door design, the door can be opened at an angle of more than 90 degrees, convenient for accessing food, less than 90 degrees, the door can automatically return.

## Product parameters

Product name	External dimensions(mm)	Volume(L)	Temperature range(°C)	Voltage/frequency	Power(W)	Refrigeration mode
chest of drawers	1200×800×800	450	+9~-15	220V/50Hz	420	Direct cooling/air cooling
chest of drawers	1800×800×800	450	-5~+9	220V/50Hz	160	Direct cooling/air cooling

# AIR-COOLED FOUR COMMERCIAL FREEZER

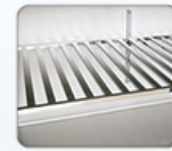

- ※ The inner box is made of high-quality stainless steel, which has excellent performance in high strength, corrosion resistance and moisture resistance.
- ※ Refrigeration series full copper tube evaporating tube.
- ※ Integrated stainless steel door handle, firm and elegant.
- ※ Electronic temperature control, the temperature fluctuation in the box is small.
- ※ The liner is stretched, no welding, no rust, easy to clean.

Stainless steel stretch liner

Stainless steel stretch door lining

Stainless steel square tube grate

## Product parameters

Product name	External dimensions(mm)	Volume(L)	Temperature range(°C)	Voltage/frequency	Power(W)	Refrigeration mode
Air-cooled commercial freezer	1200×750×2000	1000	+9~-30	220V/50Hz	1250	Direct cooling
Air-cooled fresh-keeping workbench	1800×800×800	450	+9~-30	220V/50Hz	550	Direct cooling

# AIR COOLING DOUBLE TEMPERATURE REFRIGERATOR

Swivel casters Easy to move, stable and strong

Smart Temperature Controller precise control

Automatic return door High-value door handle The design is more user-friendly
