

STEP-BY-STEP GUIDE ON GETTING
STARTED

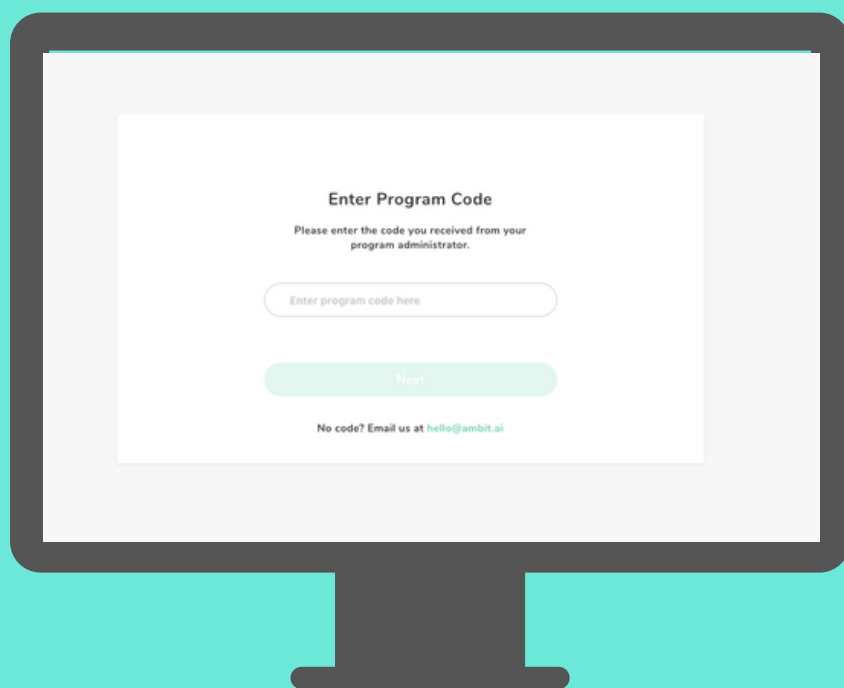

LET'S USE AMBIT

1. GO TO AMBIT WEBSITE

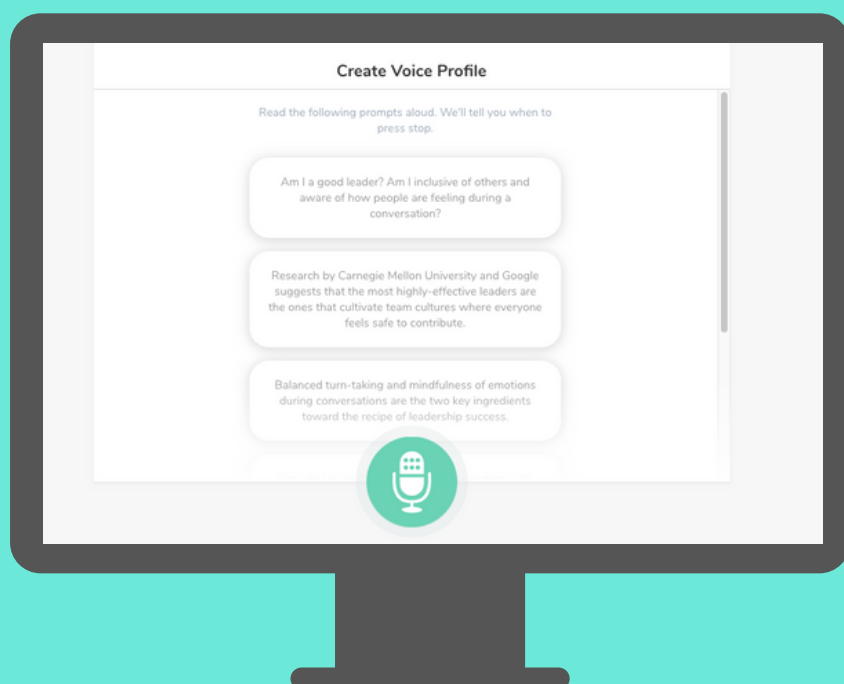

Android and other users: Go to <https://web.ambit.ai>. Make sure you include the "https://"!

iPhone users: Go to your Apple store and download the Ambit Analytics app.

2. ENTER CODE

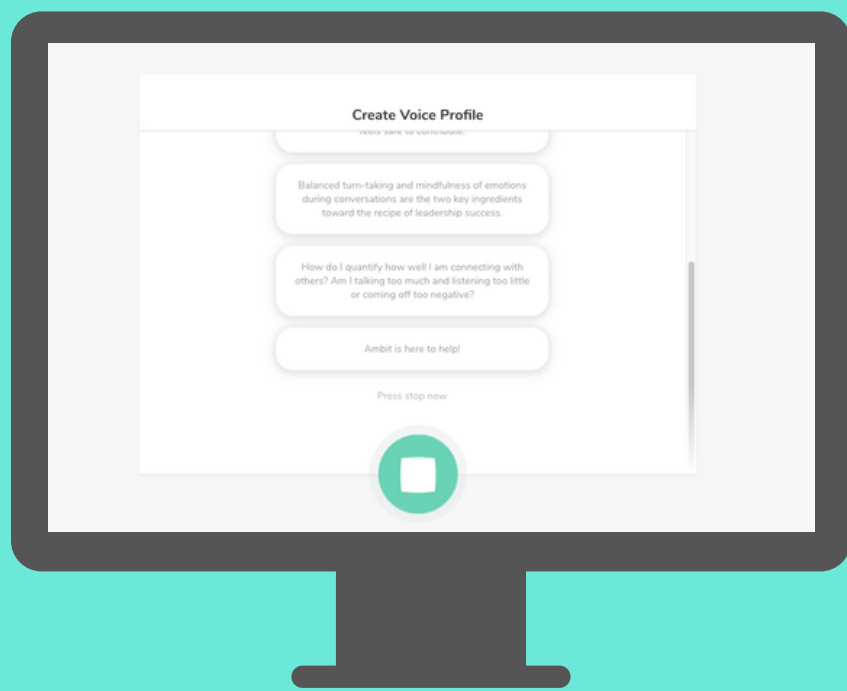

Follow the steps to create an account. When prompted, enter your program code sent by your administrator.

3. CREATE VOICE PROFILE

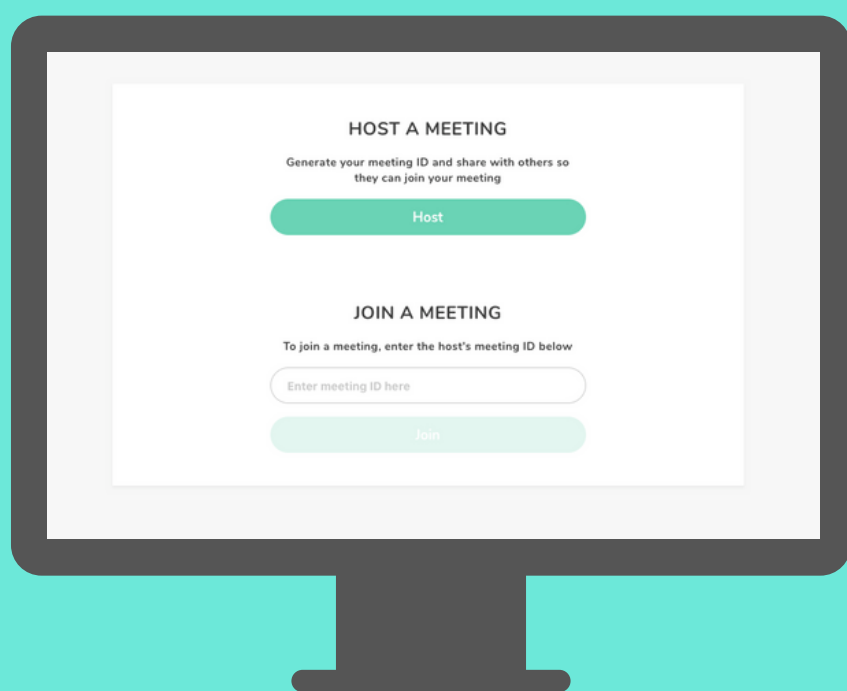

Create a voice profile by clicking the Analyzer button at the bottom to start recording. Make sure you are in a quiet room and speak normally!

QUESTIONS? HELLO@AMBIT.AI

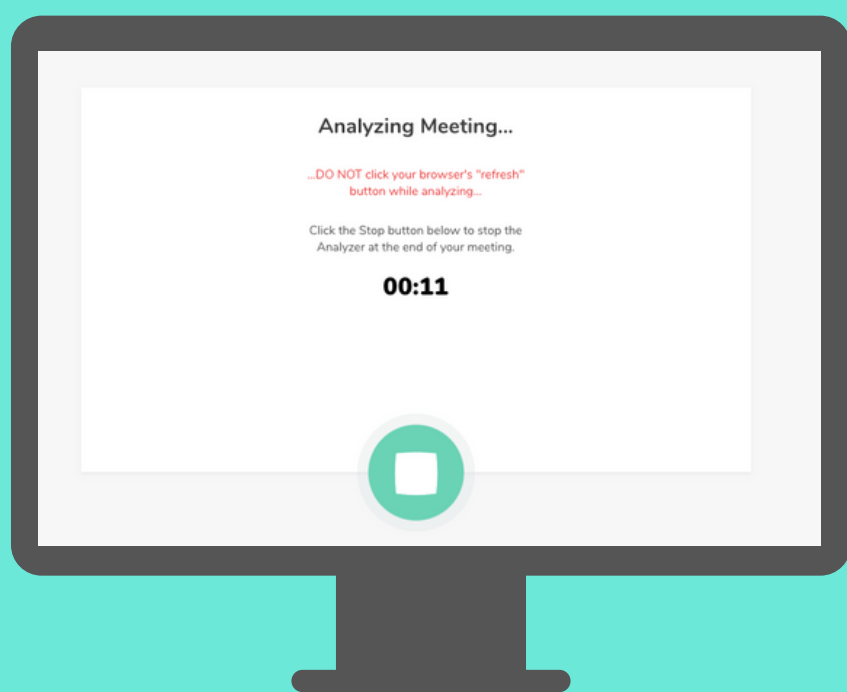

4. TRAIN VOICE

Let Ambit get to know your voice! Complete the quick 30-second voice profile by reading the prompt given and pressing the stop button at the end.

5. JOIN/HOST MEETING

Click on the Analyzer button again and host your own meeting and pass along your meeting ID or join a meeting with someone else's meeting ID.

6. ANALYZE!

Time to start analyzing! After Joining or Hosting a meeting, click on the Analyzer button to start analyzing!
