Jing Ju2020-08-08T13:45:04-08:00 Yi International Trade City is best known as the Yiu Market. It is the main complex of the wholesale market in Yiu, zhejiang, China.Since China covers most of the world's supplies for small commodities ranging from electronics, wearable devices, technological products, and everything you can think. This market is at the heart of such deals. According to the survey, \$11 billion worth of goods were sold in this market in 2013. What is Yiu? After the Communist Party's insatiable in 1949, they banned the sale of things by private individuals for profit and were the only barter transactions in the region. Yiwu became the first Chinese city to allow a private enterprise in 1982. Xie Gaohua. It all started with a few hundred stalls and sheds, but this humble beginning quickly grew and laid the foundation for the largest wholesale markets in the world in famous history. Currently, the market is divided into 5 districts covering more than 4 million square meters and 75,000 cabins. It is estimated that more than 400,000 products are on display and sold on the Yiu porcelain market. There are 2000 categories of goods sold and whatever you name, you can get sources from that market. How to get to Yiu and where to stayIf you are traveling to China and are unfamiliar with the modes of transport that you can choose for your journey to Yiu, you can have a clear idea of the distances and modes of transport from china's major cities in Yiu through this article: How can I get to Yiu from Shanghai? If you land in Shanghai and want to go to Yiu, China. There are 4 modes of transport that you can use. The fastest option would be to train as it takes only 2h and 16 minutes. There are also buses that are the most economical mode of transport. However, they take at least 4 hours from Shanghai. You can also book a taxi or rent a self-driving car with 2h and 55 minutes drive. How can I get to Yiu from Guangzhou? Guangzhou is a little far from Yiu, and if you're not on a budget and want to save time, the best way would be to fly to Yiu China. An internal flight takes about 4h and 40 minutes and costs between \$100-\$220.However, if you are on a budget, there are several other methods like a train that takes 21h and 48m. Abus will take 13h and 30m and driving yourself can take 11h and 53m. How to get to Yiu from Shenzhen? Well, if you're looking, To go to Yiu from Shenzhen, you have a few options that start with taking a flight that takes about 4h and 39m and costs you between \$100-\$185.There are also cheaper and slower methods if you are on a budget like a bus taking 21h, a train with 8h and 10mm and driving yourself that will take about 11h and 58m. Beijing is the capital of China and is probably your first choice if you are looking to travel China.If you're looking for ways to go travel from Beijing to Yiu. You can book a flight that takes about 4h and 33m. The train is also an option that will save you a considerable fortune and will take 6h and 46m. The trip from Beijing to Yiu takes 14h and 11m if you want to drive yourself or hire a taxi for your journey. How to get to Yiu from Ningbo? Ningbo is quite close to Yiu comparatively and the best way to travel will be via a train that takes only 1h and 42m and costs just \$20-\$35.There are other options like a bus that takes 4h and costs \$9.If you want to go to Yiu, you can get there from Ningbo in 1h and 57m. What's the best time to visit for 9. If you plan to visit Yiu for business purposes. You need to conduct your proper research on everything. We're solving the problem for you by including everything you need to know right here. The first thing to be given is given the right time for your visit to Yiwu.Although, the market is open all year round (including weekends). The best time to visit will be during fairs (so you can get the best prices). Given the weather, annual holidays in China and the weather, the best time to consider will be from March to June and from September to December. It is better to answer this question on your own. If you are familiar with the market and list suppliers and products prepared, all you need is a day. However, if you plan to visit more than one market and a long list of products that are being prepared. The optimal stay restrictions will be somewhere between 5-7 days. What type of product you can in YiwuThe answer to this question is not an easy job to explain in words. With over 400.00 types of products sold on the Yiu market, it is no exaggeration to say that you can get every type of product imaginable in the Yiu market. The categories range from equipment, essentials, jewelry, crafts, toys, textiles, shoes, electronics, stationery, auto accessories and spare parts, you name it. Why and why not go to the YiwuEvery market has its pros and cons, and so does Yiwu. To summarize the pros and cons soon, you can say that. Pros: You can get all imaginable sources easily in Yiwu.The lead time is short and they are ready to ship stocks. There is no sales pressure and you have many options. Cons: The language barrier is the largest con, once a handful of store owners say English.You have to negotiate prices as there are individual sellers and prices are not regulated. There may be quality problems and it's hard to identify there. Or, if you want to buy only a few products, you may want to consider buying products online you be sure to visit the official website of the Yiu market. There are a huge number of suppliers selling their products on the lu Yiu market with different delivery methods. Yiwugo.com the official website of the Yidu market, where thousands of suppliers sell their products online. There are also MO's on the website and you should see if they meet your requirements. There are several sellers who sell one product as well. What is the best way to buy in the Yiku market? Well, the answer is simple. It really depends on your product requirements. Now, you can buy an entire container or more for resale purposes or you can only buy a few products for personal or resale purposes. Few products for personal use/resell: If you want to buy only a couple of products, it would be unwise to go all the way to China and visit the Yiu market. You can easily buy such products through a Yiwugo.comBuying container or more for resale purposes: However, if you plan on buying products in large quantities, it would be best for you to go by yourself as you will be able to check the quality of the products yourself and haggle the best prices in person. Some of the tricks of the yiwu agent you need to know to deal with Yiwu suppliers, there are certain tricks that you need to know if you want to stay safe and products are eaten at the best prices. Some tricks agent Yiu that you should know before you make a purchase in the Yiwu wholesale market: Changing suppliers: It is inevitable that you will change suppliers once in a while to check out different products and raise the price of getting the best prices. Since there are many options in the Yiwu market, you can choose multiple vendors and compare one that suits your needs best. You can also compare your profits to see which supplier works best for you. Keeping one supplier for a long time may not affect only you from getting better prices as prices in the Yiu market keep fluctuating, but can also lead to a drop in the quality of the goods that are bought. Ask suppliers to hit back: There are a number of agents in the IU market who ask suppliers to kick-back and source your products from such suppliers. You should beware of such agents and keep a check on market rates and the quality offered to make sure that you are not plundered by the agents who have chosen to have your products sourced. Forcing suppliers to lower prices: Agents often force suppliers to lower prices. Since there are a number of vendors on the market, agents get the best prices and sometimes hide prices for you. They can also force suppliers to lower prices that can affect the quality of products as well, and you have to compromise on this issue because of agent fault.9 Market Secrets of Yiu you should know: Every wholesale market has some pros and cons of their own. Also, there are secrets and myths about the market that you should be well aware of in advance making any decision to buy. Secrets about the Yiwu market that you should know before making any buying decisions are: Are all cabins open by manufacturers? The answer to this question is simple and simple, no. Although there are some stands in the Yiu market that are open to manufacturers. Not all cabins are owned and operated by manufacturers. There are a number of sellers, resellers, manufacturers and distributors with booths in the lu market who sell all kinds of products. Are Yiwu Products Of Poor Quality Allegedly? The answer to that question, No again. There are more than 75,000 stands on the Yiu market and they all sell over 400,000 types of products. With such a huge variety, there are not only different types of products, but also different quality standards. You can source any quality products that you are looking for depending on your budget and the market you want to resell them in. Is the Yiwu China wholesale market suitable for small businesses only? It is often considered that the market is suitable only for small businesses. That's not quite true. The Yiu market is the world's largest market for small commodities. However, every business size can source products from the Yiwu market. There are sellers in the Yiu market who can produce or rebrand products with your company logo and you can sell them as your own. So, regardless of the size of your business, maybe if you are looking for a source of products for resale purposes at the best prices. The Yiwu market is the right wholesale market for you. Price difference: With over 75,000 stands on the Yiu market, there is a wide price range available in the Yiu market. You can search the market for price ranges and get the right prices that fit your expected budget needs. How does Yiu differ from Ningbo, Shenzhen and Guangzhou? Yiwu is the largest wholesale market in the world with a number of product categories. Ningbo is a relatively smaller market. The only advantage of Ningbo over Yiu is that Ningbo has its own port and can deliver products more conveniently. The Shenzhen market is only listed for electronics, while Guangzhou is a popular market that only sources jewelry, clothing and related items like shoes, hats and other accessories. Yiwu is a diverse market that covers all kinds of products in one place. Recommended reading: Top 10 Shenzhen Sourcing AgentsCertificates: When buying goods from your supplier, you should ask suppliers for certain certificates. To have an idea of what certificates you will need, you need to talk to your customs clearance agent before making a purchase. Your Yiwu suppliers give you certificates of purchase. However, you should know that You have to ask them. There are some vendors who can offer you a certificate. However, many can't do this and you have to choose a vendor with that in mind. Moz and Stocks: When looking for the right supplier, you should check if they have any MoZ (minimum number of orders) and stock availability to suit your needs. Yiwu being a wholesale market, most suppliers have Moz to make a purchase with them. Also, not everyone is able to meet your stock needs if you are looking to place significantly larger orders. Catalog and Samples: When choosing the right supplier, you should visit more than just one vendor and ask for their product catalog along with samples. Most suppliers in the lu market provide catalogs and samples for their products. This will greatly assist you in making the right source decision for the product you are looking to buy. Deposit: The Yiwu market only accepts cash and the local currency, which is the Chinese yuan best known as the yuan. Some of them only accept bank cards from local Chinese banks. In addition, if you are a regular customer or buy more than one container, you can simply pay a 30% deposit in advance, the balance is paid before the order is collected. Yiwu Market Frequently Asked Questions How Can I Get to Yiwu Wholesale Market? There are a number of vehicles that you can choose to get to the wholesale Market of Yiu. There is an airport in the city that you can fly directly. You can also visit Yiu by train, bus or ride yourself if you travel to China via any other airport.
