Robert Hanlon Hi r / Reddit. Like many of you, I am a MosinNagant fanboy. I convinced the Nobel Empire to add Mosin Nagant to their Gun Disassembly app (iOS, Android, PC, Mac) and they just released it as an app purchase. If you haven't used Gun Disassembly I highly recommend it. The free play app, some guns are free, others can be unlocked with IAP (in-app purchase). This is one of my favorite apps on my phone and tablet. The app can be downloaded here: video of the new Mosin model here: I'm in NO WAY linked, financially or otherwise, to the Nobel Empire. I work full time as a firearms blog editor () and help many app developers and games with gun related stuff for free. Free.
