And the port on the Android platform also became a real hit. The plot is based on the life of a dysfunctional schoolboy Jimmy Hopkins. This is what you will manage throughout the game. The main character will face many injustices in the school. Corrupt teachers, arrogant students - this is only a small part of the disorder that occurs in the educational institution. Your job is to prove that you are not just a whipping boy. You will not be a victim, but you will do everything to put in place arrogant teachers or arrogant students. You definitely liked the way you can play everything and everything here. The game is not without its love line. There is an opportunity to hook one of the local beauties. Here, only brute force is at the heart of the relationship. By the way, it is not only schoolchildren who have become adherents of cruel rules. Player Bully: Anniversary Edition APK download our hero must participate in the dismantling of the school, go to classes, be responsible for pranks and truancy (teachers prescribe punishments) in order to continue to commit atrocities with impunity. The user will have to push away bullies, set their own rules, steal other people's things and get dirty in the most sophisticated ways. This is just the tip of the iceberg, but the player has many other opportunities to prove himself. The main thing is that your power was recognized by schoolchildren of different groups: athletes, nerds, pitching. It is necessary to act comprehensively, that is to gain high popularity at all at once! After Bully: Anniversary Edition APK download, following your own rules, stealing things, doing dirty tricks in class using chemical reagents is just a small part of what you have to do in the game Bully: Anniversary Edition! In the game is important to gain popularity among different groups of schoolchildren (nerds, athletes, athletes, just ordinary). Moreover, it will be necessary to act not selectively, but comprehensively - it is necessary to gain high popularity among all! The game implements a fascinating system of tasks, which include participation in showdowns with other students, attending classes, execution of punishments from teachers for truancy and pranks. Speaking of classes. Just download Bully on your Android, and you can solve puzzles, do words, participate in sports competitions, put experiments in the chemical room. A feature of the gameplay is also a clear reference to tasks on time. The watch is always located in the corner, keeping track of the time to which it is especially important after the lights are turned off.
