The herbal medicine makers handbook

HERBAL MEDICINE-MAKER? S HANDBOOK is an entertaining collection of natural home remedies written by one of the great herbalists, James Green, author of the bestselling MALE HERBAL. Writing in a delightfully personal and down-home style, Green highlights the point that herbal medicine making is fundamental to every culture on the planet and accessible to all. So, first go to the garden and learn how to collect your own herbs, then go to the kitchen and whip up a batch of raspberry cough syrup, or perhaps a soothing elixir to erase the daily stresses of modern life. TAKE IT! 19%off 25%off Such a simple sentiment, but this passage was paradigm-changing for me, not only in my studies of grass and natural health, but also generally: Most herbalists I know strongly recommend that a student limit her studies to a few selected herbs..... touch, taste, smell, and use them. The energies of thirty to thirty-five herbs will fascinate you and keep you busy enough for the next year or two. Dear people from remain such simple feelings, but this passage was a paradigm shift for me, not just in my herbs and natural health studies, but in general: Most herbalists I know highly recommend that a student limit her research to a few selected herbs. Recognize them well, learn to identify them..... touch, taste, smell, and use them. The energies of thirty to thirty-five herbs will fascinate you and keep you busy enough for the next year or two. Dear individuals from the remaining many herbs living on Earth will, one by one, draw your attention and attach to your original repertoire as situations arise. There are many advantages to simplicity. Travel is really a destination. Slow down, use less, do less, live more fully. ... More Before You Go...
